**ROCKY MARCIANO**

**Rocco Francis Marchegiano, better known as Rocky Marciano, was the Heavyweight Boxing Champion of the World from September 23, 1952 to November 30, 1956. He remains the only undefeated heavyweight champion in history, winning 49 fights, 43 of which were by knockout. He is considered to be one of the greatest heavyweights of all time. Born and raised in Brockton, Marciano lived for many years in the family home on Dover Street, which is the property acquired by his parents in 1943 and described in the deed below. In 2005, the Brockton Historical Society designated the property as an historic landmark and it is in the process of being renovated and restored to the condition and decor as it existed in the 1940s and 50s.**
