11111649 Robert Sanger's trap signals to me a grueling task. George Brown can no longer climb up and over steep cliffs in search of nests so I will not be going away today and research will have to wait. George I am very sorry. I will suffice with a short walk by an absolute dead end which is at 1845. fully loaded
and still I have not seen a.

Alighted Bonapartine of Joppa 3688th & proceeded to Jaffa. Reached
the latter about noon & took a walk along the coast. Found
fishbone almost everywhere & shells & coral & shells, mostly
there a portion of the way to Jaffa, several species hardly seen at Bar-
yout west Joppa. In fact Oysters were by a hundred bush-
