On the petition of the Selectmen of Town of Bridgewater presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the nineteenth day of August in the year of our Lord nineteen hundred and thirty, representing that the highway in said town known as Central Square, in said town, from School Street to Summer Street, on the easterly side of said square is narrow, crooked and inconvenient for public travel and in need of specific repair or relocation, reference being had to the petition filed of record in the case.

The County Commissioners, pursuant to an order of notice duly published, posted and served, by which all persons and corporations interested had due notice thereof, met to view the premises at the Town Office on the twenty-fifth day of September A. D., 1930, at nine o'clock in the forenoon, and after viewing the premises and hearing all persons and corporations who desired to be heard, the said hearing was continued and adjourned for further consideration, from time to time, all persons and corporations interested having due notice thereof, to the meeting of the County Commissioners, held at the Court House in Plymouth on the sixteenth day of December A. D., 1930, when and where they adjudicate and determine that common convenience and necessity require that the prayer of said petition be granted.

And upon the adjudication aforesaid, the said Commissioners appointed the twenty-first day of January A. D. 1931, and 7:30 o'clock in the afternoon, at the Town Hall in said Bridgewater as the time and place when and where they would proceed to further view the premises, and take such order in relation to said adjudication as by law they might be authorized to do.

And having given notice of such adjudication, and of the time and place appointed for the purposes aforesaid, in the same manner, as the notice and publication were given and made before first proceeding to view (except by publishing an abstract of said petition instead of a copy thereof), the said Commissioners met at the time and place appointed and then and there heard all persons and corporations interested, and said hearing was thence adjourned and continued from time to time to the meeting of the County Commissioners held at the Court House at Plymouth on the twenty-seventh day of January A. D. 1931, when and where they proceed to complete said proceedings and make return thereof as follows, to wit:-

LOCATIONJUNE 16, 1931.

On the petition of the Selectmen of the Town of Carver presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the twenty-fifth day of November in the year of our Lord nineteen hundred and thirty, representing that the highway in said Town known as Center Street, between Main Street and Plymouth Street, is narrow, crooked and inconvenient for use and in need of specific repair or relocation, and the intersections of said highway with connecting streets are dangerous for public travel, reference being had to the petition filed of record in the case.

On the petition of the Selectmen of the Town of Rochester, presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the second day of December in the year of our Lord nineteen hundred and thirty, representing that the highway in said town known as Neck Road, between the Rochester-Middleborough line and Cowen's Corner, on the Neck Road, is narrow, crooked and inconvenient for public travel and in need of specific repair, or relocation, and the intersections of said highway with connecting streets are dangerous for public travel, reference being had to the petition filed of record in the case.

The County Commissioners, pursuant to an order of notice duly published, posted and served, by which all persons and corporations interested had due notice thereof, met to view the premises at the residence of Chester H. Cowan, in Rochester, in said County, on the ninth day of January A.D. 1931, at ten o'clock in the forenoon, and after viewing the premises and hearing all persons and corporations who desired to be heard, they adjudicate and determine that common convenience and necessity require that the prayer of said petition be granted as hereafter set forth; no person or corporation then or at any other time objecting thereto.

And they continue and adjourn said proceedings from time to time for further consideration and to make return thereof, all persons and corporations interested having due notice thereof, to a meeting of the County Commissioners held at their office, in Plymouth, on the thirtieth day of June A.D. 1931, when and where they proceed to complete said proceedings and make return thereof as follows, to wit:-

PETITION
JULY 28, 1931.

On the petition of William A. Key, et ali., of Pembroke, in said County, Sidney C. Soule, et ali., of Duxbury, in said County, and John T.

Cushman, et ali., of Kingston, in said County, presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the fourth day of November A.D. 1930, representing that public necessity and common convenience require the alteration, location and relocation, construction and reconstruction of a highway beginning in the Town of Pembroke near Schooset Street, so called, and extending in a general southerly direction through the Towns of Pembroke, Duxbury and Kingston to the junction of Tremont and Summer Streets in the Town of Kingston at or near Prouty's Garage, with such crossings and alteration of existing highways as may be necessary, reference being had to the petition filed of record in the case.

The County Commissioners, pursuant to an order of notice duly published, posted and served, by which all persons and corporations interested had due notice thereof, met to view the premises at the office of the County Commissioners at the Court House at Plymouth, in said County, on the twelfth day of December A.D. 1930, at nine o'clock in the forenoon, and after viewing the premises and hearing all persons and corporations who desired to be heard, the said hearing was continued and adjourned for further consideration, from time to time, all persons and corporations interested having due notice thereof, to the meeting of the County Commissioners, held at the Court House, in Plymouth, on the sixteenth day of December A.D. 1930, when and where they adjudicate and determine that common convenience and necessity require that the prayer of said petition be granted.

And upon the adjudication aforesaid, the said Commissioners appointed the twenty-second day of January A.D. 1931, at ten o'clock in the forenoon, at their office at the Court House, in Plymouth, as the time and place when and where they would proceed to further view the premises, and make such order in relation to said adjudication as by law they might be authorized to do.

And having given notice of such adjudication, and of the time and place appointed for the purposes aforesaid, in the same manner, as the notice and publication were given and made before first proceeding to view (except by publishing an abstract of said petition instead of a copy thereof) the said Commissioners met at the time and place appointed and then and there heard all persons and corporations interested, and said hearing was thence adjourned and continued from time to time to the meeting of the County Commissioners held at the Commissioners' Office, in Plymouth, on the twenty-eighth day of July A.D. 1931, when and where

IT IS ORDERED, ADJUDGED AND DECREED that said petition be and hereby is dismissed without prejudice, for the reason that State layouts of said highway have been made by the Department of Public Works, of said Commonwealth, under the provisions of Chapter 81 of the General Laws and Chapter 122 of the Acts of 1931 of the General Court.

DECREE NO. 836
RETURN OF
LOCATION
OCT. 13, 1931.

On the petition of the Selectmen of the Town of Halifax, presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the sixteenth day of June in the year of our Lord nineteen hundred and thirty-one, representing that the highway, in said town, known as Summit Street, between Thompson Street and Walnut Street,

is narrow, crooked and inconvenient for use and in need of specific repair, locating anew or relocation, and that the intersections of said highway with connecting streets are dangerous for public travel, reference being had to the petition filed of record in the case.

The County Commissioners, pursuant to an order of notice duly published, posted and served, by which all persons and corporations interested had due notice thereof, met to view the premises at the Town Hall, in Halifax, in said County, on the sixth day of August A. D. 1931, at 9.30 o'clock in the forenoon, and after viewing the premises and hearing all persons and corporations who desired to be heard, they adjudicate and determine that common convenience and necessity require that the prayer of said petition be granted as hereafter set forth; no person or corporation then or at any other time objecting thereto.

And they continue and adjourn said proceedings from time to time for further consideration and to make return thereof, all persons and corporations interested having due notice thereof, to a meeting of the County Commissioners held at their office, at Plymouth, on the thirteenth day of October A. D. 1931, when and where they proceed to complete said proceedings and make return thereof as follows, to wit:-

DEC. 27, 1932.

On the petition of the Selectmen of the Town of Kingston presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the twenty-ninth day of December in the year of our Lord nineteen hundred and thirty-one, representing that the highway in said Town known as Brook Street, between Main Street and Elm Street is narrow, crooked and inconvenient for use and in need of specific repair, locating anew, or relocation, and the intersections of said highway with connecting streets are dangerous for public travel, reference being had to the petition filed of record in the case.

The County Commissioners, pursuant to an order of notice duly published, posted and served, by which all persons and corporations interested had due notice thereof, met to view the premises at the office of the County Commissioners, in Plymouth, in said County, on the second day of February A. D., 1932, at two o'clock in the afternoon, and after viewing the premises and hearing all persons and corporations who desired to be heard, the said hearing was continued and adjourned for further consideration, from time to time, all persons and corporations interested having due notice thereof, to the meeting of the County Commissioners, held at their office, in Plymouth, on the fourteenth day of June A.D.1932, when and where they

adjudicate and determine that common convenience and necessity require that the prayer of said petition be granted.

And upon the adjudication aforesaid, the said Commissioners appointed the seventh day of July A.D.1932, and 9:30 o'clock in the forenoon, at the Town Hall, in Kingston, in said County as the time and place when and where they would proceed to further view the premises, and take such order in relation to said adjudication as by law they might be authorized to do.

And having given notice of such adjudication, and of the time and place appointed for the purposes aforesaid, in the same manner, as the notice and publication were given and made before first proceeding to view (except by publishing an abstract of said petition instead of a copy thereof), the said Commissioners met at the time and place appointed and then and there heard all persons and corporations interested, and said hearing was thence adjourned and continued from time to time to the meeting of the County Commissioners held at their office, in Plymouth, on the twenty-seventh day of December, A. And they continue and adjourn said proceedings from time to time for further consideration and to make return thereof, all persons and corporations interested having due notice thereof, to a meeting of the County Commissioners held at the Court House at Plymouth on the twenty-seventh day of June A. and Careswell Streets taken for highway purposes under the Decree of the County Commissioners, No. 812, and known as Parcel No. 2 on "Plan of Dike Road and part of Careswell Street in the Town of Marshfield" has never been invaded and public necessity and convenience do not appear to require said land for highway purposes, reference being had to the petition filed of record in the case.

The County Commissioners, pursuant to an order of notice duly published, posted and served, by which all persons and corporations interested had due notice thereof, met to view the premises at the office of said County Commissioners in Plymouth on the sixteenth day of May A. D. 1933, at two o'clock in the afternoon, and after viewing the premises and hearing all persons and corporations who desired to be heard, they adjudicate and determine that common convenience and necessity require that the prayer of said petition be granted as hereafter set forth; no person or corporation then or at any other time objecting thereto.

And they continue and adjourn said proceedings from time to time for further consideration and to make return thereof, all persons and corporations interested having due notice thereof, to a meeting of the County Commissioners held at their office at Plymouth on the twenty-fourth day of October A. Said bound is also described in the description of the lines of Careswell Street under said Decree No. 812.

Said road where side lines are parallel shall be fifty (50.00) feet in width.

And the easement over all the land lying between the above-described southerly and westerly line and the approximate Town Line as shown on plan of said Decree No. 812 is hereby discontinued for highway purposes.

And said Commissioners order that the foregoing return be filed, accepted and recorded, and that an attested copy thereof be filed in the Registry of Deeds for the County of Plymouth and that an attested copy be transmitted to the Clerk of the Town of Marshfield within the limits of which town said highway described herein lies.

On the petition of Hortence E. Merry and Laura M. Merry, of Dux-

First: That the access to their property from West Street in said Town over lands of George E. Hathaway, et als. is narrow, crooked, dangerous and inconvenient for travel;

Your petitioners therefore pray that the County Commissioners lay out, locate anew, relocate, or alter (including the discontinuance of so much of the existing way over said lands as is not needed) a private way

over the said lands so that the said way as so laid out, located anew, re-located, or altered shall be twenty-five feet in width; that the County Commissioners determine the boundaries and measurements of said private way and take by eminent domain on behalf of said Town such land as it may be necessary to acquire for the purposes of such way, reference being had to the petition filed of record in the case.

The County Commissioners, pursuant to an order of notice duly published, posted and served, by which all persons and corporations interested had due notice thereof, met to view the premises at the H. E. Merry house, in Duxbury, in said County, on the sixth day of February A. And they continue and adjourn said proceedings from time to time for further consideration and to make return thereof, all persons and corporations interested having due notice thereof, to a meeting of the County Commissioners held at their office, at Plymouth on the twentieth day of February A. VOTE

TO RECORD
INSPECTION OF
JAIL AND HOUSE
OF CORRECTION

JULY 24, 1934.

Voted to enter on the records the following report of inspection of the Plymouth County Jail and House of Correction:

"The County Commissioners inspected the Jail and House of Correction on July 19, 1934.

"Inspection of the Dairy and Cow Barn was first made and conditions were found satisfactory. There were 47 milch cows and a daily production of 530 quarts of milk.

"The Jail was found in good order and conversation with the inmates indicated that proper order was maintained and that the food was of excellent quality and variety. One hundred thirty (130) prisoners, including those awaiting trial and six (6) women, were listed, and there was no sickness. No one had been placed in solitary confinement. The grounds around the buildings were under cultivation and well taken care of. As opportunity offers, work is being done on the grounds and the driveways adjacent to the Dairy to make them ready for seeding or tarring.

"The water pressure was found by putting a self-recording gauge on the water supply to be from 2 to 9½ pounds at the first floor level of the Jail. This condition has existed every summer to a certain extent but no accurate measurement has been made heretofore. This test shows that practically no fire service is available and water cannot be drawn for any purpose on the second floor of the Jail or dwellings. Last year's water tax to the Town of Plymouth was \$609.00 and yet, a part of the time there is no service. It was decided to take the matter up with the Water Commissioners of the Town of Plymouth, and if this availed nothing to go to the Department of Public Utilities for relief from this situation.

"The extensive repairs to the Jail roof made under contract with the Atlantic Roofing and Skylight Works were found to be satisfactory.

"The total gross expenditures for care and support of prisoners last year was \$94,824.32, and the return to the County Treasury from the Sheriff was \$24,276.36. This, the Commissioners feel to be a very satisfactory showing.
