On the petition of the Selectmen of Scituate presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the eighth day of October in the year of our Lord nineteen hundred forty, representing that part of the highway in said town known as Country Way between Captain Pierce Road and a point approximately six hundred feet north

LOCATION  
COUNTRY WAY  
SCITUATE  
JULY 22, 1941

of Hollett Street is narrow, crooked and inconvenient for use and in need of specific repair, locating anew, or relocation and the intersections of said highway with connecting streets are dangerous for public travel, reference being had to the petition filed of record in the case.

The County Commissioners, pursuant to an order of notice duly published, posted and served, by which all persons and corporations interested had due notice thereof, met to view the premises at the Town Hall in Scituate in said County on the eighth day of November A. D., 1940, at 2:15 o'clock in the afternoon, and after viewing the premises and hearing all persons and corporations who desired to be heard, the said hearing was continued and adjourned for further consideration, from time to time, all persons and corporations interested having due notice thereof, to a meeting of the County Commissioners, held at their office in Plymouth on the seventh day of January A. D. 1941, when and where they adjudicate and determine that common convenience and necessity require that the prayer of said petition be granted.

And upon the adjudication aforesaid, the said Commissioners appointed the twenty-fifth day of January A. D., 1941, and 11:00 o'clock in the forenoon, at the Hatherly School in Scituate in said County as the time and place when and where they would proceed to further view the premises, and make such order in relation to said adjudication as by law they might be authorized to do.

And having given notice of such adjudication, and of the time and place appointed for the purposes aforesaid, in the same manner as the notice and publication were given and made before first proceeding to view (except by publishing an abstract of said petition instead of a copy thereof), the said Commissioners met at the time and place appointed and then and there heard all persons and corporations interested, and said hearing was thence adjourned and continued from time to time to the meeting of the County Commissioners held at their office in Plymouth on the twenty-second day of July A. D., 1941, when and where they proceed to complete said proceedings and make return thereof as follows, to wit:--

VOTED to enter on the records the following report of inspection of the Jail and House of Correction in Plymouth:

VOTE

JAIL  
INSPECTION

OCT. 7, 1941

"The Commissioners made inspection of the Jail and House of Correction in Plymouth on October 6, 1941.

"On account of the retirement of Herman W. Tower, Deputy Master and the promotion of Mr. Joseph A. Maybury in his place, some changes in office arrangements were found necessary. However, the only expense was for the purchase of a flat-top typewriter desk from the Department of Correction; and the transferring of an unused cabinet from the Brockton Court House, and a discarded steel cabinet and standing desk from the Registry of Deeds. The accounting system is now under the care of Mr. Walter Melevsky, a graduate of the Bentley School of Accounting, Class of 1932.

"The building was found well kept, and the kitchen in good sanitary condition, and the food excellent.

"Talks with the prisoners indicated that they were well fed and well treated, but some wanted to be paroled, and said so.

"Work of repairing and finishing some of the furniture in county buildings has been well done by the inmates. Concrete bounds to the number of 875 have also been made by them for highway purposes.

"There were four women and ninety-eight men on the list of inmates at the present time and a total of eight hundred forty-three have been committed since our last visit. No one has been in solitary confinement since our last visit.

"The following have been paroled by the County Commissioners since December 20, 1940:

DECREE NO. 1003

On the petition of the Selectmen of the town of Lakeville presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the twenty-seventh day of May in the year of our Lord nineteen hundred forty-one, representing that part of the highway in said town known as Rhode Island Road between Precinct Street and Bedford Street (Route 18) is narrow, crooked and inconvenient for use and in need of specific repair, locating anew, or relocation, and the intersections of said highway with connecting streets are dangerous for public travel, reference being had to the petition filed of record in the case.

The County Commissioners, pursuant to an order of notice duly published, posted and served, by which all persons and corporations interested had due notice thereof, met to view the premises at the Town Hall in Lakeville in said County on the second day of July A. D. 1941, at 10:30 o'clock in the forenoon, and after viewing the premises and hearing all persons and corporations who desired to be heard, they adjudicate and determine that common convenience and necessity require that the prayer of said petition be granted as hereafter set forth; no person or corporation then or at any other time objecting thereto.

And they continue and adjourn said proceedings from time to time for further consideration and to make return thereof, all persons and corporations interested having due notice thereof, to a meeting of the County Commissioners held at their office in Plymouth on the twenty-first day of October A. With sorrow the Board of County Commissioners record the passing of Honorable George M. Webber, County Commissioner since 1931. Active in private business in East Bridgewater, his native town for many years, a member of The House of Representatives for four years, and a member of the State Senate for six years, he brought to the office of County Commissioner a wealth of experience in many lines. He was able and conscientious in his business duties, loyal to his family and friends; and his passing on December 30, 1941 is a distinct loss to the County. Our deepest sympathy is extended to his family.

VOTED to enter on the records the following report of inspection of the Jail and House of Correction in Plymouth:

"The second inspection of the year of the Jail and House of Correction at Plymouth was made by the County Commissioners today.

"All buildings were found to be in good condition. The storm porch at the main entrance is of special value as a safety measure in high winds. The spirit of the institution is well shown by a huge "V" over the door. The dairy barn was in perfect order and all stalls filled with sleek and well-fed cattle. The milk is pasteurized and supplied to the County Hospital at Hanson and to the Jordan Hospital at Plymouth. Examination of the milk by the Baird Laboratories weekly, shows a bacteria count from 100 to 400, but the count may be 40,000 and still be classed as grade A. This condition is made possible only by the most scrupulous care.

"The kitchen was found in excellent condition and a dinner of fried Cod and other edibles was being prepared. A new elevator has been installed which carries the food from the kitchen to the dining room upstairs.

"The large store room has been curtained off and furnished and now is used as a chapel for Catholic services conducted by the Chaplain, Rev. Joseph O'Brien. Protestant services are also held, with the Chaplain, Rev. Bernard McLain.

"Several inmates were talked with alone and each expressed his approval of the management and the fair treatment accorded by the officers. The cement bounds for county highways are made by the inmates during suitable weather, and there are 359 on hand at the present time.

ORDER

T. O'CONNELL  
PRISON GUARD  
ON PENSION ROLL

JAN. 9, 1942

The application for retirement of Thomas O'Connell of Brockton, a prison guard at the Plymouth County Jail and House of Correction under the provisions of Chapter 32, Section 56 of the General Laws was presented. It appeared from said application and was found as a fact by this Board that said Thomas O'Connell was a veteran of the Spanish American War and the first World War and was honorably discharged from such service and that said Thomas O'Connell was incapacitated for active service. This latter finding being made as the result of reports made by Rudolph E. Swenson, M. D. and P. Brooks Kelly, M. D., two physicians designated by this Board to examine the said Thomas O'Connell. We further find that said Thomas O'Connell has been in the service of the County of Plymouth at least ten years, has reached the age of fifty and has a total income from all sources exclusive of such retirement allowance and of any sum received from the government of the United States as a pension for war service not exceeding five hundred dollars, it is therefore

ORDERED that the said Thomas O'Connell be and hereby is placed on the pension roll of the County of Plymouth at the rate of \$960. per year, said sum being one-half the regular rate of compensation paid to him at the time of retirement, said retirement to be effective beginning January 16, 1942.

HULL  
JULY 28, 1942

On the petition of the Selectmen of the town of Hull presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the sixth day of January in the year of our Lord nineteen hundred forty-two, representing that part of the highway in said town known as Atlantic Avenue, between the westerly end of Stony Beach Road and the westerly end of Gun Rock Avenue, is narrow, crooked and inconvenient for use and in need of specific repair, locating anew, or relocation, and the intersections of said highway with connecting streets are dangerous for public travel, reference being had to the petition filed of record in the case.

The County Commissioners, pursuant to an order of notice duly published, posted and served, by which all persons and corporations inter-

ested had due notice thereof, met to view the premises at the Municipal Building in Hull in said County on the twenty-ninth day of January A. And they continue and adjourn said proceedings from time to time for further consideration and to make return thereof, all persons and corporations interested having due notice thereof, to a meeting of the County Commissioners held at their office in Plymouth on the twenty-eighth day of July A. REPORT JAIL INSPECTION  
NOV. 17, 1942

"The second inspection of the year of the Jail and House of Correction in Plymouth was made by the County Commissioners on November 10, 1942.

"The records showed 108 prisoners confined today, of whom 105 were men and 3 women. There were none in solitary confinement.

"The building was found to be scrupulously clean throughout, and in good order. The kitchen was well kept and food was sampled by the Commissioners. Attention was called to the unequal distribution of heat in the building and the Commissioners are to take the matter under consideration.

"Accounting methods were examined and found completely satisfactory.

"The dairy is well taken care of, and storage of all materials, both within and without the Jail building is approved. The sale of products of the farm appears to be in excess of any previous ten months. Final report will be included in the County Report.

RECORD FIRST INSPECTION - JAIL

of the Jail and House of Correction in Plymouth:

JUNE 1, 1943

"In accordance with Chapter 126, Section 1 of the General Laws, the first inspection of the year of the Jail and House of Correction in Plymouth was made by the County Commissioners on May 25, 1943.

"The records showed 86 male and 3 female prisoners confined today. None were in solitary confinement and all were in good health. On April 14, 1943 Emile Salstrom died of acute dilation of heart, delirium tremors and chronic alcoholism. The Master and Keeper was unable to locate either relatives or friends and so the body was buried in accordance with Section 22 of Chapter 126, at the expense of the County. On April 22, 1943 Edward L. Mullaney died of acute dilatation, chronic alcoholism and delirium tremors. The body was delivered to his family for burial.

"All buildings were found to be clean and in good condition, except that the roof of the jail building needed certain repairs. Arrangements have been made for this work to be done.

"Some of the prisoners were questioned and all expressed satisfaction in the care and treatment they were receiving from the twenty-one officers and one matron at the institution.

"Since our last inspection on November 10, 1942, 386 prisoners have been committed to the institution and the following have been paroled:

HANOVER  
NOV. 30, 1943

On the petition of the Selectmen of Hanover present to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the eleventh day of May in the year of our Lord nineteen hundred forty-three, representing that the highway in said town known as King Street between the Hanson town line and Circuit Street is narrow, crooked and inconvenient for use and in need of specific repair, locating anew, or relocation, and the intersection of said highway with connecting streets are dangerous for public travel, reference being had to the petition filed of record in the case.

The County Commissioners, pursuant to an order of notice duly published, posted and served, by which all persons and corporations interested had due notice thereof, met to view the premises at the Town Hall in Hanover in said County on the second day of June A. D., 1943, at 2:00 o'clock in the afternoon, and after viewing the premises and hearing all persons and corporations who desired to be heard, the said hearing was continued and adjourned for further consideration, from time to time, all persons and corporations interested having due notice thereof, to a meeting of the County Commissioners, held at their office in Plymouth on the eighth day of June A. D. 1943, when and where they adjudicate and determine that common convenience and necessity require that the prayer of said petition be granted.

And upon the adjudication aforesaid, the said Commissioners appointed the thirtieth day of June A. D., 1943, and 2:00 o'clock in the afternoon, at Town Hall in Hanover in said County as the time and place when and where they would proceed to further view the premises, and make such order in relation to said adjudication as by law they might be authorized to do.

And having given notice of such adjudication, and of the time and place appointed for the purposes aforesaid, in the same manner as the notice and publication were given and made before first proceeding to view

(except by publishing an abstract of said petition instead of a copy thereof), the said Commissioners met at the time and place appointed and then and there heard all persons and corporations interested, and said hearing was thence adjourned and continued from time to time to the meeting of the County Commissioners held at their office in Plymouth on the thirtieth day of November A. D., 1943, when and where they proceed to complete said proceedings and make return thereof as follows, to wit:-

On the petition of the Selectmen of Norwell presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the twentieth day of July in the year of our Lord nineteen hundred forty-three, representing that part of the highway in said town known as Prospect Street between Grove Street and Hingham Line is narrow, crooked and inconvenient for use and in need of specific repair, locating anew, or relocation, and the intersections of said highway with connecting streets are dangerous for public travel, reference being had to the petition filed of record in the case.

The County Commissioners, pursuant to an order of notice duly published, posted and served, by which all persons and corporations interested had due notice thereof, met to view the premises at the County Commissioners' Office in Plymouth in said County on the twenty-fourth day of August A. D. 1943, at 2:00 o'clock in the afternoon, and after viewing the premises and hearing all persons and corporations who desired to be heard, they adjudicate and determine that common convenience and necessity require that the prayer of said petition be granted as hereafter set forth; no person or corporation then or at any other time objecting thereto.

And they continue and adjourn said proceedings from time to time for further consideration and to make return thereof, all persons and corporations interested having due notice thereof, to a meeting of the County Commissioners held at their office in Plymouth on the fourth day of January A. DECREE NO. 1025

RETURN OF LOCA-  
TION

PART OF CROOKED  
LANE, LAKEVILLE

MARCH 28, 1944

On the petition of the Selectmen of Lakeville presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the thirty-first day of August in the year of our Lord nineteen hundred forty-three, representing that part of the highway in said town known as Crooked Lane between Main Street and Bedford Street, including a portion of an unnamed highway running westerly from the door yard of LeRoy G. Wilkie to Bedford Street is narrow, crooked and inconvenient for use and in need of specific repair, locating anew, or relocation, and the intersections of said highway with connecting streets are dangerous for public travel, reference being had to the petition filed of record in the case.

The County Commissioners, pursuant to an order of notice duly published, posted and served, by which all persons and corporations interested had due notice thereof, met to view the premises at the Town Hall in Lakeville in said County on the sixth day of October A. D., 1943, at 2:30 o'clock in the afternoon, and after viewing the premises and hearing all persons and corporations who desired to be heard, the said hearing was continued and adjourned for further consideration, from time to time, all persons and corporations interested having due notice thereof, to a meeting of the County Commissioners, held at their office in Plymouth on the nineteenth day of October A. D., 1943, when and where they adjudicate and determine that common convenience and necessity require that the prayer of said petition be granted.

And upon the adjudication aforesaid, the said Commissioners appointed the ninth day of November A. D., 1943, and 10:45 o'clock in the forenoon, at the County Commissioners' Office in Plymouth in said County as the time and place when and where they would proceed to further view the premises, and make such order in relation to said adjudication as by law they might be authorized to do.

VOTE

TO RECORD SECOND  
(1945) INSPECTION  
OF JAIL

JAN. 8, 1946

"In accordance with Chapter 126, Section 1 of the General Laws, the second inspection of the year of the Jail and House of Correction in Plymouth was made by the County Commissioners on December 26, 1945.

"The total number of commitments to the House of Correction since the last inspection was 198, and to the Jail 118. Total inmates on this date is 78. There were no women at the present time. No one had been placed in solitary since our last visit. There was no one in the Hospital, Dr. Curtin, the Physician having attended to all cases referred to him.

"Rev. Daniel L. Golden, the Catholic Chaplain and Rev. Robert A. Shade, Protestant Chaplain have conducted services each Sunday and attended to the spiritual needs of the inmates of their respective groups.

"The building throughout was in clean and excellent condition, and the food was most appetizing. The farm buildings which had been damaged by the hurricane had been taken care of by the insurance company.

"The herd of cows which supplies all the milk for the institution and the Plymouth County Hospital has been tested bi-weekly and the bacteria count for the greater part of the time has been under 100.

"At Thanksgiving and at Christmas the Salvation Army provided a small ornamented container holding tooth paste, cookies, shaving cream, an orange, 2 bars of candy and a copy of the "War Cry"--a most pleasing contribution.

"The products of the farm for the past season are as follows: For the dairy, 291,000 lbs. of milk, 100 tons of hay, 270 tons of silage, 70 tons of green feed, 5 tons of oats, 75 bu. of corn for the pigs, and 1224 bu. of potatoes, 160 bu. of turnips, 150 bu. of carrots, 36 bu. of beets, 42 bu. of onions, 3 tons of squash, 13½ bu. of dry beans and 1 ton of cabbage.

"On August 27th Sheriff Robbins reported that a prisoner, Richard H. Buckman, alias had escaped from the farm. He was returned shortly thereafter. On October 29th Sheriff Robbins reported the death of a prisoner, James H. Tracey on October 28th, death having been caused by a tubercular kidney.

"The following prisoners have been parolled from the institution since our last visit:

Anthony Schirocco	Davis W. Gardner	John A. Wrin
Truman R. Buzzell	Albert C. Shunstrom	Ambrose H. Weichel
Patrick Ferris	John D. Chisholm	Thomas R. DeSimone
Wessloff Zion	Ralph L. McGourty	John Q. Adams
Bernard W. Cassidy	Malcolm J. Field	Walter I. Johnson
Walter G. Daneault	Miguel Morais	Louis Brazas
John Nolan, Jr.	William S. Knight	Harold V. Connolly

"The institution is a tribute of Sheriff Robbins' careful supervision.

Respectfully submitted,

Frederic T. Bailey )
