August 26, 1947

"In accordance with Chapter 126, Section 1 of the General Laws, the County Commissioners made an inspection of the Jail and House of Correction in Plymouth on August 19, 1947.

"The Sheriff greeted us in his office and personally conducted us on a tour of the institution and the farm. All of the rooms were inspected and found to be maintained in excellent condition. In the kitchen we sampled the freshly made doughnuts which the prisoners are making once again now that war restrictions on food supplies have been lifted. The dining room was in the process of being painted. There were two inmates in the hospital, one watching out the window where some of the prisoners were enjoying a little relaxation by playing ball. The small Catholic Chapel is very neatly and appropriately furnished.

"The dairy and milk rooms were spotlessly clean, as usual. The horses, cows and bulls were all very clean and very healthy looking animals. The gardens were well cultivated and the flowers grown on the premises were especially beautiful.

"The total number of commitments to the House of Correction since the last inspection was 346, and to the Jail 181. The total number in the institution on August 19th was 107, 3 women and 104 men. No one has been placed in solitary since our last visit. Thomas Osowick escaped from the farm on May 24, 1947.

"The following prisoners have been parolled from the institution since our last visit:

Frank Molea	Theodore Singer	Anthony M. Long

RETURN OF LOCATION
EVERGREEN ST., KINGSTON
Sept. 9, 1947

On the petition of the Selectmen of Kingston presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the nineteenth day of February in the year of our Lord nineteen hundred and forty-seven representing that the highway in said town known as Evergreen Street between Pembroke Street and Summer Street is narrow, crooked and inconvenient for use and in need of specific repair, locating anew, or relocation, and the intersections of said highway with connecting streets are dangerous for public travel, reference being had to the petition filed of record in the case.

The County Commissioners, pursuant to an order of notice duly published, posted and served, by which all persons and corporations interested had due notice thereof, met to view the premises at the County Commissioners' Office, Plymouth, in said County on the eighteenth day of March A. D. 1947, at 2:00 o'clock in the afternoon, and after viewing the premises and hearing all persons and corporations who desired to be heard, they adjudicate and determine that common convenience and necessity require that the prayer of said petition be granted as hereafter set forth; no person or corporation then or at any other time objecting thereto.

And they continue and adjourn said proceedings from time to time for further consideration and to make return thereof, all persons and corporations interested having due notice thereof to a meeting of the County Commissioners held at their office in Plymouth on the ninth day of September A. HANSONDec. 30, 1947

On the petition of the Selectmen of Hanson presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the eighteenth day of April in the year of our Lord nineteen hundred and forty-seven representing that the highway in said town known as Reed Street between Main Street and Pleasant Street is narrow, crooked and inconvenient for use and in need of specific repair, locating anew, or relocation, and the intersections of said highway with connecting streets are dangerous for public travel, reference being had to the petition filed of record in the case.

D. 1947, at 2:00 o'clock in the afternoon, and after viewing the premises and hearing all persons and corporations who desired to be heard, they adjudicate and determine that common convenience and necessity require that the prayer of said petition be granted as hereafter set forth; no person or corporation then or at any other time objecting thereto.

And they continue and adjourn said proceedings from time to time for further consideration and to make return thereof, all persons and corporations interested having due notice thereof to a meeting of the County Commissioners held at their office in Plymouth on the thirtieth day of December A. OF BROCKTON

Dec. 17, 1948.

In accordance with a recommendation made by the Honorable Joseph H. Downey, Mayor of the City of Brockton, under date of December 13, 1948, with reference to a kennel license held by Anthony Witis at 90 Perkins Street, Brockton, Mass., that the kennel be closed within ten days, the County Commissioners, in compliance with Section 137C, Chapter 140, of the General Laws, having made due investigation of the premises, find, because of the congested area in which the kennel is located, the complaint of persons in the neighborhood and our own observation of excessive barking of dogs, that a continuance of a kennel license in that neighborhood is not desirable and an unnecessary annoyance to persons living in the vicinity.

The Commissioners therefore Order that the kennel license granted to the above-mentioned Anthony Witis be hereby revoked and the kennel closed by December 31st, 1948.

And upon the adjudication aforesaid, the said Commissioners appointed the seventh day of May A.D., 1948, and 2:00 o'clock in the afternoon at the Town Hall in Mattapoissett in said County as the time and place when and where they would proceed to further view the premises, and make such order in relation to said adjudication as by law they might be authorized to do.

And having given notice of such adjudication, and of the time and place appointed for the purposes aforesaid, in the same manner as the notice and publication were given and made before first proceeding to view (except by publishing an abstract of said petition instead of a copy thereof), the said Commissioners met at the time and place appointed and then and there heard all persons and corporations interested, and said hearing was thence adjourned and continued from time to time to the meeting of the County Com-

NO. 1073

RETURN OF LO-

PART OF HINGHAM
STREET, ROCKLAND

June 14, 1949

On the petition of the Selectmen of Rockland presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the nineteenth day of August in the year of our Lord nineteen hundred and forty-eight, representing that part of the highway in said town known as Hingham Street between Webster Street and the southerly end of the 1926 layout is narrow, crooked and inconvenient for use and in need of specific repair, locating anew, or relocation, and the intersections of said highway with connecting streets are dangerous for public travel, reference being had to the petition filed of record in the case.

The County Commissioners, pursuant to an order of notice duly published, posted and served, by which all persons and corporations interested had due notice thereof, met to view the premises at the County Commissioners' Office in Plymouth in said County on the first day of March A.D. 1949, at 2:00 o'clock in the afternoon, and after viewing the premises and hearing all persons and corporations who desired to be heard, the said hearing was continued and adjourned for further consideration, from time to time all persons and corporations interested having due notice thereof, to a meeting of the County Commissioners, held at their office in Plymouth on the second day of March A.D., 1949, when and where they adjudicate and determine that common convenience and necessity require that the prayer of said petition be granted.

And upon the adjudication aforesaid, the said Commissioners appointed the twenty-second day of March A.D., 1949, and 2:00 o'clock in the afternoon, at the County Commissioners' Office, in Plymouth in said County as the time and place when and where they would proceed to further view the premises, and make such order in relation to said adjudication as by law they might be authorized to do.

And having given notice of such adjudication, and of the time and place appointed for the purposes aforesaid, in the same manner as the notice

and publication were given and made before first proceeding to view (except by publishing an abstract of said petition instead of a copy thereof), the said Commissioners met at the time and place appointed and then and there heard all persons and corporations interested, and said hearing was thence adjourned and continued from time to time to the meeting of the County Commissioners held at their office in Plymouth on the fourteenth day of June A.D., 1949, when and where they proceed to complete said proceedings and make return thereof as follows, to wit:-

NO. 1072
RETURN OF LOCATION
CARMEL STREET
MIDDLEBOROUGH
October 11, 1949

On the petition of the Selectmen of Middleborough presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the fifteenth day of July in the year of our Lord nineteen hundred forty-eight, representing that the highway in said town known as Carmel Street between Plympton Street and Plymouth is narrow, crooked and inconvenient for use and in need of specific repair, locating anew, or relocation, and the intersections of said highway with connecting streets are dangerous for public travel, reference being had to the petition filed of record in the case.

The County Commissioners, pursuant to an order of notice duly published, posted and served, by which all persons and corporations interested had due notice thereof, met to view the premises at the County Commissioners' Office in Plymouth in said County on the first day of March A.D., 1949, at 2:30 o'clock in the afternoon, and after viewing the premises and hearing all persons and corporations who desired to be heard, the said hearing was continued and adjourned for further consideration, from time to time, all persons and corporations interested having due notice thereof, to a meeting of the County Commissioners, held at their office in Plymouth on the second day of March, A.D., 1949, when and where they adjudicate and determine that common convenience and necessity require that the prayer of said petition

be granted.

And upon the adjudication aforesaid, the said Commissioners appointed the twenty-second day of March A.D., 1949, and 2:30 o'clock in the afternoon, at the County Commissioners' Office, in Plymouth in said County as the time and place when and where they would proceed to further view the premises, and make such order in relation to said adjudication as by law they might be authorized to do.

And having given notice of such adjudication, and of the time and place appointed for the purposes aforesaid, in the same manner as the notice and publication were given and made before first proceeding to view (except by publishing an abstract of said petition instead of a copy thereof), the said Commissioners met at the time and place appointed and then and there heard all persons and corporations interested, and said hearing was thence adjourned and continued from time to time to the meeting of the County Commissioners held at their office in Plymouth on the eleventh day of October, A.D., 1949, when and where they proceed to complete said proceedings and make return thereof as follows, to wit:

DESCRIPTION OF THE LINES OF CARMEL STREET IN

DUXBURY
November 22, 1949

On the petition of the Selectmen of Duxbury presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the fourth day of March in the year of our Lord nineteen hundred and forty-nine, representing that Church Street, from West Street to Route 3A, and part of the highway in said town known as Tremont Street, from Route 3A to the Duxbury Town Line is narrow, crooked and inconvenient for use and in need of specific repair, locating anew, or relocation, and the intersections of said highways with connecting streets are dangerous for public travel, reference being had to the petition filed of record in the case.

The County Commissioners, pursuant to an order of notice duly published, posted and served, by which all persons and corporations interested had due notice thereof, met to view the premises at the County Commissioners' Office, Plymouth in said County on the eighth day of June A.D. 1949, at 2:00 o'clock in the afternoon, and after viewing the premises and hearing all persons and corporations who desired to be heard, they adjudicate and determine that common convenience and necessity require that the

prayer of said petition be granted as hereafter set forth; no person or corporation then or at any other time objecting thereto.

And they continue and adjourn said proceedings from time to time for further consideration and to make return thereof, all persons and corporations interested having due notice thereof to a meeting of the County Commissioners held at their office in Plymouth on the twenty-second day of November A.D. 1949, when and where they proceed to complete said proceedings and make return thereof as follows, to wit:-

NO. 1075RETURN OF
LOCATIONPART OF CIRCUIT
STREET, HANOVERJanuary 24, 1950

On the petition of the Selectmen of Hanover presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the first day of November in the year of our Lord nineteen hundred forty-eight, representing that part of the highway in said town known as Circuit Street between Myrtle Street and Hanover Street (Route #139) is narrow, crooked and inconvenient for use and in need of specific repair, locating anew, or relocation, and the intersections of said highway with connecting streets are dangerous for public travel, reference being had to the petition filed of record in the case.

The County Commissioners, pursuant to an order of notice duly published, posted and served, by which all persons and corporations interested had due notice thereof, met to view the premises at the County Commissioners Office in Plymouth in said County on the first day of March A.D., 1949, at 1:30 o'clock in the afternoon, and after viewing the premises and hearing all persons and corporations who desired to be heard, the said hearing was continued and adjourned for further consideration, from time to time, all persons and corporations interested having due notice thereof, to a meeting of the County Commissioners, held at their office in Plymouth on the second day of March A.D., 1949, when and where they adjudicate and determine that common convenience and necessity require that the prayer of said petition be granted.

And upon the adjudication aforesaid, the said Commissioners appointed the twenty-second day of March A.D., 1949, and 1:30 o'clock in the afternoon, at the County Commissioners' Office, in Plymouth in said County as the time and place when and where they would proceed to further view the premises, and make such order in relation to said adjudication as by law they might be authorized to do.

And having given notice of such adjudication, and of the time and place appointed for the purposes aforesaid, in the same manner as the notice and publication were given and made before first proceeding to view (except by publishing an abstract of said petition instead of a copy thereof), the said Commissioners met at the time and place appointed and then and there heard all persons and corporations interested, and said hearing was thence adjourned and continued from time to time to the meeting of the County Commissioners held at their office in Plymouth on the twenty-fourth day of January, A.D., 1950, when and where they proceed to complete said proceedings and make return thereof as follows, to wit:-

HINGHAM
April 18, 1950

On the petition of The Planning Board of Hingham presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the sixteenth day of December in the year of our Lord nineteen hundred and forty-seven representing that the highway in said town known as Hobart Street between French Street and Main Street is narrow, crooked and inconvenient for use and in need of specific repair, locating anew, or relocation and the intersections of said highway with connecting streets are dangerous for public travel, reference being had to the petition filed of record in the case.

The County Commissioners, pursuant to an order of notice duly published, posted and served, by which all persons and corporations interested had due notice thereof, met to view the premises at the Town Office Building, in Hingham, in said County on the twenty-first day of January A.D. 1949 at 7:30 o'clock in the evening, and after viewing the premises and hearing all persons and corporations who desired to be heard, they adjudicate and determine that common convenience and necessity require that the prayer of said petition be granted as hereafter set forth; no person or corporation then or at any other time objecting thereto.

On the petition of the Selectmen of Middleborough presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the twenty-fourth day of October in the year of our Lord nineteen hundred and forty-nine representing that part of the highway in said town known as Plymouth Street between Bedford Street (Route #28) and Everett Street is narrow, crooked and inconvenient for use and in need of specific repair, locating anew, or relocation, and the intersections of said highway with connecting streets are dangerous for public travel, reference being had to the petition filed of record in the case.

The County Commissioners, pursuant to an order of notice duly published, posted and served, by which all persons and corporations interested had due notice thereof, met to view the premises at the County Commissioners Office in said County on the fourth day of April A.D. 1950, at 1:30 o'clock in the afternoon, and after viewing the premises and hearing all persons and corporations who desired to be heard, they adjudicate and determine that common convenience and necessity require that the prayer of said petition be granted as hereafter set forth; no person or corporation then or at any other time objecting thereto.

And they continue and adjourn said proceedings from time to time for further consideration and to make return thereof, all persons and corporations interested having due notice thereof to a meeting of the County Commissioners held at their office in Plymouth on the twenty-second day of August, A.D., 1950, when and where they proceed to complete said proceedings and make return thereof as follows, to wit:-

McCarthy was a veteran of the first World War and was honorably discharged from such service and that said John A. McCarthy is now incapacitated for active service. We further find that said John A. McCarthy has been in the service of the County of Plymouth at least eighteen years and has reached the age of fifty-two years. It is also found that

The applicant, at the time of retirement was receiving a cash salary of \$4920. per annum and under the ruling of the County Personnel Board is eligible for a full maintenance allowance of \$1500. per annum, making a total compensation (cash salary and maintenance allowance) of \$6420. per annum, and under the provisions of Section 56 of Chapter 32 of the General Laws, as amended by Chapter 668 of the Acts of 1950, is entitled to be retired at one-half of the highest annual rate of compensation, including any bonuses and any maintenance allowance, payable to him while he was holding his present grade, with a further allowance of one per cent of said annual rate of compensation for eight additional years, over ten, of service, which does not exceed sixty-five per cent; said retirement allowance amounts to \$3723.60.

And the Board further finds that the total income of said John A. McCarthy from all sources, exclusive of such retirement allowance and of any sum received from the government of the United States as a pension for war service, does not exceed one thousand dollars, and it is

ORDERED that the said John A. McCarthy be and hereby is placed on the pension roll of the Plymouth County Hospital at the rate of \$3,723.60 per annum, said sum being one-half of the highest annual rate of compensation including maintenance allowance, paid to him while he was holding his present grade, with a further allowance of one per cent of said annual rate of compensation for eight additional years of service, said retirement to be effective beginning December 1, 1950.
