On the petition of the Selectmen of Plymouth presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the thirteenth day of October in the year of our Lord nineteen hundred and fifty-three representing that the highway in said town known as Carver Road between junction of Summer Street and Federal Furnace Road at Sparrow's Hill and junction of Middleborough Road and Route 80 is narrow, crooked and inconvenient for use and in need of specific repair, locating anew, or relocation, and the intersections of said highway with connecting streets are dangerous for public travel, reference being had to the petition filed of record in the case.

The County Commissioners, pursuant to an order of notice duly published, posted and served, by which all persons and corporations interested had due notice thereof, met to view the premises at the County Commissioners' Office, Plymouth, in said County on the eighth day of June A. D. 1954, at 2:00 o'clock in the afternoon, and after viewing the premises and hearing all persons and corporations who desired to be heard, they adjudicate and determine that common convenience and necessity require that the prayer of said petition be granted as hereafter set forth; no person or corporation then or at any other time objecting thereto.

And they continue and adjourn said proceedings from time to time for further consideration and to make return thereof, all persons and corporations interested having due notice thereof to a meeting of the County Commissioners held at their office in Plymouth on the eighth day of March A. D. 1955, when and where they proceed to complete said proceedings and make return thereof as follows, to wit:-

Said street when constructed shall be constructed on the center line of the above-described layout and the grade of the center of said highway shall be such as to make the way safe and convenient for public travel and shall be to the satisfaction of the County Commissioners.

All of that part of the old highway lying outside the above-described lines except that part marked "Not Discontinued" shall be discontinued as a public highway when the new roadway has been constructed within the limits of the above-described lines to the satisfaction of the County Commissioners.

In the foregoing description, abutting property is stated as owned by those shown as owners on said plan, but it shall be understood that the reference in each case is to the land shown on said plan as owned by the person or persons named whoever in fact the owners may be.

For a further identification and a more particular description reference is hereby made to a plan entitled "Decree No. 1160. Plan of Autumn Avenue in the Town of Duxbury" as laid out by the County Commissioners under petition of the Selectmen filed March 23, 1954, drawn on a scale of forty (40.00) feet to an inch by Lewis W. Perkins, County Engineer, herewith filed and made a part of this decree.

The grade of the center of the above-described highway when fully completed in accordance with this decree is to conform to the grade of the said highway as at present constructed. Trees on the areas taken are not to be cut by the owners, but such trees as are designated by the County Commissioners will be cut into suitable lengths and deposited on other land of the owners by the contractor. If walls and fences are moved, the work will be done under construction without expense to owners. Owners of land taken as aforesaid are required to remove their buildings and other obstructions from the lands so taken within thirty days from the date of entry for construction.

The inhabitants of the town of Duxbury aforesaid, are hereby

ordered to cause said highway to be constructed as aforesaid, made safe and convenient for the public travel, and to the acceptance of the County Commissioners before the twenty-first day of June A. D., 1957.

The sums hereinafter named are awarded to the persons and corporations over whose lands easements are taken for said highway or who suffer damages on account thereof, to be paid from the Town Treasury as soon as said town shall enter upon and take possession of said lands for the purpose of construction, to wit:

RETURN OF LOCA-  
TIONWATER STREET,  
PEMBROKEJuly 12, 1955

On the petition of the Selectmen of Pembroke presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the twenty-third day of December in the year of our Lord nineteen hundred and fifty-two representing that the highway in said town known as Water Street between Washington Street (Route #3) and The Marshfield line is narrow, crooked and inconvenient for use and in need of specific repair, locating anew, or relocation, and the intersections of said highway with connecting streets are dangerous for public travel, reference being had to the petition filed of record in the case.

D. 1953, at 2:00 o'clock in the afternoon, and after viewing the premises and hearing all persons and corporations who desired to be heard, they adjudicate and determine that common convenience and necessity require that the prayer of said petition be granted as hereafter set forth; no person or corporation then or at any other time objecting thereto.

On the petition of the Selectmen of Middleborough and Bridgewater presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the twenty-first day of December in the year of our Lord nineteen hundred and fifty-four and on the eleventh day of January in the year of our Lord nineteen hundred and fifty-five representing that the highway in the Town of Middleborough known as Titicut Street between Plymouth Street and Middleborough-Bridgewater line, and part of the highway in the Town of Bridgewater known as Titicut Street between Middleborough-Bridgewater Town line and Conant Street is narrow, crooked and inconvenient for use and in need of specific repair, locating anew, or relocation, and the intersections of said highways with connecting streets are dangerous for public travel, reference being had to the petition filed of record in the case.

The County Commissioners, pursuant to an order of notice duly published, posted and served, by which all persons and corporations interested had due notice thereof, met to view the premises at the County Commissioners' Office, in Plymouth, in said County on the twentieth day of April A. D. 1955, at 2:00 o'clock in the afternoon, and after viewing the premises and hearing all persons and corporations who desired to be heard, they adjudicate and determine that common convenience and necessity require that the prayer of said petition be granted as hereafter set forth; no person or corporation then or at any other time objecting thereto.

And they continue and adjourn said proceedings from time to time for further consideration and to make return thereof, all persons and corporations interested having due notice thereof to a meeting of the County Commissioners held at their office in Plymouth on the twentieth day of December A. D. 1955, when and where they proceed to complete said proceedings and make return thereof as follows, to wit:-

NO. 1187

EVELYN M. HARVEY  
vs.  
BOARD OF  
ASSESSORS  
TOWN OF SCITUATE  
January 31, 1956

On November 29, 1955, Evelyn M. Harvey, of 802 Blue Hill Ave.,  
Dorchester, Massachusetts, filed with the County Commissioners a petition  
for tax abatement on personal property located in the Town of Scituate at  
344 Central Ave., Humarock. In accordance with the law, notice of said  
petition was sent to the Board of Assessors of the Town of Scituate.

We find that Chapter 59, Section 64, of the General Laws pro-  
vides that "A person aggrieved by the refusal of assessors to abate a tax  
on personal property at least one half of which has been paid.....may...  
appeal therefrom....."

We have a communication from the Assessors of Scituate that no  
portion of the tax has been paid by the appellant; therefore, one half of  
the tax not having been paid prior to the beginning of abatement pro-  
ceedings, the appellant has no standing before the board in that she has  
failed to qualify herself as provided by statute.

The County Commissioners therefore rule that they are without  
jurisdiction to grant an abatement since the appellant failed to pay one  
half of the tax before commencing abatement proceedings.

On the petition of the Selectmen of Mattapoissett presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the sixth day of February in the year of our Lord nineteen hundred and fifty-one, representing that the highway in said town known as Mattapoissett Neck Road between the State Highway, Route 6 and the entrance to Antassawamock is narrow, crooked and inconvenient for use and in need of specific repair, locating anew, or relocation, and the intersections of said highway with connecting streets are dangerous for public travel, reference being had to the petition filed of record in the case.

The County Commissioners, pursuant to an order of notice duly published, posted and served, by which all persons and corporations interested had due notice thereof, met to view the premises at the County Commissioners' Office in Plymouth in said County on the eighteenth day of March A. D., 1952, at 2:00 o'clock in the afternoon, and after viewing the premises and hearing all persons and corporations who desired to be heard, the said hearing was continued and adjourned for further consideration, from time to time, all persons and corporations interested having due notice thereof, to a meeting of the County Commissioners, held at their office in Plymouth on the fifth day of August A. D., 1952, when and where they adjudicate and determine that common convenience and necessity require that the prayer of said petition be granted.

And upon the adjudication aforesaid, the said Commissioners appointed the twenty-seventh day of August A. D., 1952, and 2:30 o'clock in the afternoon, at Mattapoissett Town Hall in Mattapoissett in said County as the time and place when and where they would proceed to further view the premises, and make such order in relation to said adjudication as by law they might be authorized to do.

And having given notice of such adjudication, and of the time and place appointed for the purposes aforesaid, in the same manner as the notice and publication were given and made before first proceeding to view (except by publishing an abstract of said petition instead of a copy thereof), the said Commissioners met at the time and place appointed and

NO. 1194

RETURN OF  
LOCATION

PART OF GROVE  
STREET, KINGSTON

June 18, 1957

On the petition of the Selectmen of Kingston presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the fifth day of June in the year of our Lord nineteen hundred and fifty-six, representing that part of the highway in said town known as Grove Street between Pembroke Street, Route 27 and the Plympton line near the railroad station is narrow, crooked and inconvenient for use and in need of specific repair, locating anew, or relocation, and the intersections of said

highway with connecting streets are dangerous for public travel, reference being had to the petition filed of record in the case.

The County Commissioners, pursuant to an order of notice duly published, posted and served, by which all persons and corporations interested had due notice thereof, met to view the premises at the County Commissioners' Office in Plymouth, in said County on the eighth day of January A. D., 1957, at 2:00 o'clock in the afternoon, and after viewing the premises and hearing all persons and corporations who desired to be heard, the said hearing was continued and adjourned for further consideration, from time to time, all persons and corporations interested having due notice thereof, to a meeting of the County Commissioners, held at their office in Plymouth on the twenty-ninth day of January A. D., 1957, when and where they adjudicate and determine that common convenience and necessity require that the prayer of said petition be granted.

And upon the adjudication aforesaid, the said Commissioners appointed the twenty-sixth day of February A. D., 1957, and 2:30 o'clock in the afternoon, at County Commissioners' Office in Plymouth, in said County as the time and place when and where they would proceed to further view the premises, and make such order in relation to said adjudication as by law they might be authorized to do.

And having given notice of such adjudication, and of the time and place appointed for the purposes aforesaid, in the same manner as the notice and publication were given and made before first proceeding to view (except by publishing an abstract of said petition instead of a copy thereof), the said Commissioners met at the time and place appointed and then and there heard all persons and corporations interested, and said hearing was thence adjourned and continued from time to time to the meeting of the County Commissioners held at their office in Plymouth on the eighteenth day of June A. D., 1957, when and where they proceed to complete said proceedings and make return thereof as follows, to wit:-

NO. 1217

RETURN OF  
LOCATION

PART OF PLEASANT  
STREET, CARVER

June 25, 1957

On the petition of the Selectmen of Carver presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the second day of April in the year of our Lord nineteen hundred and fifty-seven representing that part of the highway in said town known as Pleasant Street between the Plympton Town Line and a point about 250 feet easterly of the Plympton Town Line is narrow, crooked and inconvenient for use and in need of specific repair, locating anew, or relocation, and the intersections of said highway with connecting streets are dangerous for public travel, reference being had to the petition filed of record in the case.

The County Commissioners, pursuant to an order of notice duly published, posted and served, by which all persons and corporations interested had due notice thereof, met to view the premises at the County Commissioners' Office, Plymouth, in said County on the twenty-first day of May A. D. 1957, at 1:30 o'clock in the afternoon, and after viewing the premises and hearing all persons and corporations who desired to be heard, they adjudicate and determine that common convenience and necessity require that the prayer of said petition be granted as hereafter set forth; no person or corporation then or at any other time objecting thereto.

And they continue and adjourn said proceedings from time to time for further consideration and to make return thereof, all persons and corporations interested having due notice thereof to a meeting of the County Commissioners held at their office in Plymouth on the twenty-fifth day of June A. D. 1957, when and where they proceed to complete said proceedings

and make return thereof as follows, to wit:-

DESCRIPTION OF THE LINES OF A PART OF PLEASANT STREET IN THE TOWN OF CARVER, BETWEEN THE PLYMPTON TOWN LINE AND A POINT ABOUT 250 FEET EASTERLY OF THE PLYMPTON TOWN LINE, AS LAID OUT BY THE COUNTY COMMISSIONERS UNDER PETITION OF THE SELECTMEN FILED APRIL 2, 1957 AND DECREE NO. 1217.

Northerly Line:

The northerly line (side line) of part of Pleasant Street begins at a county bound set in or near the division line between the Town of Carver and the Town of Plympton, said bound being described as the easterly terminus of the northerly side line of Pleasant Street in the Town of Plympton as laid out by the County Commissioners under their Decree No. 1193. The northerly line of Pleasant Street thence runs on a curve starting southeasterly and curving more easterly on a radius of one thousand three hundred ninety-five (1,395.00) feet through land of Frank H. Cole one hundred eighty-five and fifty-seven hundredths (185.57) feet to a county bound marking the easterly end of this layout.

Southerly Line:

The southerly line (side line) of part of Pleasant Street begins at a county bound set in or near the division line between the Town of Carver and the Town of Plympton, said bound marks the easterly terminus of the southerly side line of Pleasant Street in the Town of Plympton as laid out by the County Commissioners under their Decree No. 1193, said bound bears south 83° 04' 00" west and is one hundred twenty and forty-six hundredths (120.46) feet distant from the first-described bound in the above-described northerly line. The southerly line of Pleasant Street thence runs on a curve starting southeasterly and curving more easterly on a radius of one thousand four hundred forty (1,440.00) feet in old Pleasant Street and by land of Lawrence S. Cole three hundred five and eleven hundredths (305.11) feet to a county bound, said bound bears south 5° 06' 10" west and is forty-five (45.00) feet distant from the last-described bound in the above-described northerly line.

And the easement over all the land lying between the above-described lines is hereby taken and laid out for highway purposes.

Where necessary to obtain a slope of two feet horizontal to one foot vertical, the Commissioners reserve the right to slope bank on abutting private property.

Said road where side lines are parallel shall be forty-five

(45.00) feet in width.

Said street when constructed shall be constructed on the center line of the above-described layout and the grade of the center of said highway shall be such as to make the way safe and convenient for public travel and shall be to the satisfaction of the County Commissioners.

In the foregoing description, abutting property is stated as owned by those shown as owners on said plan, but it shall be understood that the reference in each case is to the land shown on said plan as owned by the person or persons named whoever in fact the owners may be.

For a further identification and a more particular description reference is hereby made to a plan entitled "Decree No. 1193. Plan of Pleasant Street, in the Town of Plympton" as laid out by the County Commissioners under petition of the Selectmen filed April 10, 1956, drawn on a scale of forty (40.00) feet to an inch by Lewis W. Perkins, County Engineer, herewith filed and made a part of this decree.

The grade of the center of the above-described highway when fully completed in accordance with this decree is to conform to the grade of the said highway as at present constructed. Trees on the areas taken are not to be cut by the owners, but such trees as are designated by the County Commissioners will be cut into suitable lengths and deposited on other land of the owners by the contractor. If walls and fences are moved, the work will be done under construction without expense to owners. Owners of land taken as aforesaid are required to remove their buildings and other obstructions from the lands so taken within thirty days from the date of entry for construction.

The inhabitants of the town of Carver aforesaid, are hereby ordered to cause said highway to be constructed as aforesaid, made safe and convenient for the public travel, and to the acceptance of the County Commissioners before the twenty-fifth day of June A. D., 1959.

The sums hereinafter named are awarded to the persons and corporations over whose lands easements are taken for said highway or who suffer damages on account thereof, to be paid from the Town Treasury reimbursement of one-half the total amount to be made by the County as soon as said town shall enter upon and take possession of said lands for the purpose of construction, to wit:
