DATED JANUARY 12, 1957 BY LEWIS W. PERKINS & SONS, ENGINEERS", AS LAID OUT BY THE COUNTY COMMISSIONERS UNDER PETITION OF THE SELECTMEN FILED SEPTEMBER 24, 1957 AND DECREE NO. 1225.

Westerly End Line:

The westerly end line of a part of Fisher Road begins at a county bound set in the easterly side line of Hull Street at land of John R. Infusino and Dorothy A. Infusino. The westerly end line thence runs north 44° 00' 40" east (True Meridian) in the easterly line of Hull Street forty-

Northerly Line:

The northerly line of this part of Fisher Road (which in part is the center line of Fisher Road) thence runs south $65^{\circ} 04' 30''$ east in the division line between the Town of Hingham and the Town of Cohasset four hundred twenty-eight and thirty-seven hundredths (428.37) feet to a point, thence running on a curve to the right on a radius of one hundred twenty (120.00) feet by land of Frank S. Barbuto twenty-one and sixty-eight hundredths (21.68) feet to a Hingham highway bound.

Southerly End Line:

The southerly end line thence runs south $68^{\circ} 50' 00''$ north across the northerly end of that part of Fisher Road as accepted by the Town of Hingham in March, 1956 forty (40.00) feet to a Hingham highway bound at land of George E. Nolan, Jr. and Marjorie Nolan.

Southerly Line:

The southerly line of a part of Fisher Road thence runs on a curve starting northwesterly and curving more westerly on a radius of eighty (80.00) feet by said land of Nolan, Jr. sixty-one and thirty-one hundredths (61.31) feet to a county bound, thence running north $65^{\circ} 04' 30''$ west by said land of Nolan, Jr., by land of Kenneth R. And the easement over all the land lying between the above-described lines is hereby taken and laid out for highway purposes.

Where necessary to obtain a slope of two feet horizontal to one foot vertical, the Commissioners reserve the right to slope bank on abutting private property.

Said road where side lines are parallel shall be forty (40.00) feet in width.

Said street when constructed shall be constructed on the center line of the above-described layout and the grade of the center of said highway shall be such as to make the way safe and convenient for public

travel and shall be to the satisfaction of the County Commissioners.

In the foregoing description, abutting property is stated as owned by those shown as owners on said plan, but it shall be understood that the reference in each case is to the land shown on said plan as owned by the person or persons named whoever in fact the owners may be.

For a further identification and a more particular description reference is hereby made to a plan entitled "Decree No. 1225. Plan of part of Fisher Road, in the Town of Hingham" as laid out by the County Commissioners under petition of the Selectmen filed September 24, 1957, drawn on a scale of forty (40.00) feet to an inch by Lewis W. Perkins, County Engineer, herewith filed and made a part of this decree.

The grade of the center of the above-described highway when fully completed in accordance with this decree is to conform to the grade of the said highway as at present constructed. Trees on the areas taken are not to be cut by the owners, but such trees as are designated by the County Commissioners will be cut into suitable lengths and deposited on other land of the owners by the contractor. If walls and fences are moved, the work will be done under construction without expense to owners. Owners of land taken as aforesaid are required to remove their buildings and other obstructions from the lands so taken within thirty days from the date of entry for construction.

The inhabitants of the town of Hingham aforesaid, are hereby ordered to cause said highway to be constructed as aforesaid, made safe and convenient for the public travel, and to the acceptance of the County Commissioners before the eighteenth day of February A. D., 1960.

The sums hereinafter named are awarded to the persons and corporations over whose lands easements are taken for said highway or who suffer damages on account thereof, to be paid from the Treasury as soon as said town shall enter upon and take possession of said lands for the purpose of construction, to wit:

No Takings, No Discontinuances, No Awards.

All names of owners herein given, although supposed to be correct are such only as matters of opinion and belief.

And said Commissioners order that the foregoing return be filed, accepted and recorded, and that an attested copy thereof be filed in the Registry of Deeds for the County of Plymouth and that an attested copy be transmitted to the Clerk of the Town of Hingham within the limits of which town said highway described herein lies.

On the petition of the Selectmen of Plymouth presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the ninth day of October in the year of our Lord nineteen hundred and fifty-six, representing that part of the highway in said town known as Clark Road, from old Sandwich Road to 1956 State Highway now under construction, and part of Beaver Dam Road, between the westerly end of 1913 layout of Beaver Dam Road to old Sandwich Road is narrow, crooked and inconvenient for use and in need of specific repair, locating anew, or relocation, and the intersections of said highway with connecting streets are dangerous for public travel, reference being had to the petition filed of record in the case.

The County Commissioners, pursuant to an order of notice duly published, posted and served, by which all persons and corporations interested had due notice thereof, met to view the premises at the County Com-

missioners' Office in Plymouth in said County on the thirteenth day of August A. D., 1957, (1st. Sec.) eleventh day of February A. D., 1958 (2nd. Sec.) at 3:00 o'clock in the afternoon, and after viewing the premises and hearing all persons and corporations who desired to be heard, the said hearing was continued and adjourned for further consideration, from time to time, all persons and corporations interested having due notice thereof, to a meeting of the County Commissioners, held at their office in Plymouth on the twenty-first day of January A. D., 1958, when and where they adjudicate and determine that common convenience and necessity require that the prayer of said petition be granted.

And upon the adjudication aforesaid, the said Commissioners appointed the eleventh day of February A. D., 1958, and 2:30 o'clock in the afternoon, at County Commissioners' Office in Plymouth (1st. Sec.) in said County as the time and place when and where they would proceed to further view the premises, and make such order in relation to said adjudication as by law they might be authorized to do.

And having given notice of such adjudication, and of the time and place appointed for the purposes aforesaid, in the same manner as the notice and publication were given and made before first proceeding to view (except by publishing an abstract of said petition instead of a copy thereof), the said Commissioners met at the time and place appointed and then and there heard all persons and corporations interested, and said hearing was thence adjourned and continued from time to time to the meeting of the County Commissioners held at their office in Plymouth on the thirtieth day of September A. D., 1958, when and where they proceed to complete said proceedings and make return thereof as follows, to wit:-

On the petition of the Selectmen of Abington presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the eighteenth day of March in the year of our Lord nineteen hundred and fifty-eight representing that the highway in said town known as Thicket Street between Randolph Street and the Weymouth Town Line is narrow, crooked and inconvenient for use and in need of specific repair, locating anew, or relocation, and the intersections of said highway with connecting streets are dangerous for public travel, reference being had to the petition filed of record in the case.

The County Commissioners, pursuant to an order of notice duly published, posted and served, by which all persons and corporations interested had due notice thereof, met to view the premises at the County Commissioners' Office, Plymouth, in said County on the twenty-fourth day of June A. D. 1958, at 1:30 o'clock in the afternoon, and after viewing the premises and hearing all persons and corporations who desired to be heard, they adjudicate and determine that common convenience and necessity require that the prayer of said petition be granted as hereafter set forth; no person or corporation then or at any other time objecting thereto.

And they continue and adjourn said proceedings from time to time for further consideration and to make return thereof, all persons and corporations interested having due notice thereof to a meeting of the County Commissioners held at their office in Plymouth on the twenty-third day of December A. D. 1958, when and where they proceed to complete said proceedings and make return thereof as follows, to wit:-

February 25, 1959

On the petition of the Selectmen of the Town of Plympton presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the thirty-first day of January in the year of our Lord nineteen hundred and fifty-six, representing that the highways in said town known as Prospect Road, from the Middleborough Town Line to Winnetuxet Road; part of Winnetuxet Road, from Prospect Road to Parsonage Road; and Parsonage Road, from Winnetuxet Road to Main Street, is narrow, crooked and inconvenient for use and in need of specific repair, locating anew, or relocation, and the intersections of said highway with connecting streets are dangerous for public travel, reference being had to the petition filed of record in the case.

March 25, 1959

VOTED to enter on the records the following report of an inspection of the House of Correction and Jail in Plymouth:

"In accordance with Chapter 126, Section 1 of the General Laws, the regular inspection of the House of Correction and Jail was made on Tuesday, March 17th, 1959, by the County Commissioners, accompanied by the Clerk of Courts, George C. P. Olsson, the County Commissioners' office staff and members of the press and radio.

"Many changes have transpired since the last inspection; among them a new walk-in refrigerator, which was constructed by prison labor. This refrigerator is adjacent to a new and remodeled kitchen combined with the new dining room. The prisoners march in line and receive the food as they pass the dispatching center and proceed on to their tables. The Commissioners and their guests were served a corn beef and cabbage dinner with all the fixings.

"The bakery was carefully inspected and utensils explained, as to their use in the preparation of food used in cooking for the inmates of the House of Correction and Jail.

"The women's ward is on the second floor and adjacent to the new and up to date laundry. These machines were recently installed and the lady inmates are in charge of washing all prison laundry, which is a daily routine chore. Also in the women's department were a number of sewing machines used in the making of clothes for the prisoners.

"A new Chapel, with two individual rooms for Protestant and Catholic Chaplains, is now under construction.

"The Sheriff also showed the finger print and bertillion room, which is in the process of renovation. Considerable money has been saved by using the prisoners in its construction.

"Other parts visited were the boiler room which was, as in the past, well painted and decorated and would be much to the envy of many boiler room engineers. The hospital was inspected as were many of the cells throughout the institution.

"We congratulate the Sheriff on such a well kept institution and for the great amount of work and changes which have transpired since our last visit.

The total number in the institution on this date, March 17, 1959, was one hundred and forty-five; one hundred and thirty-one in the House of Correction (one hundred and twenty-three men and eight women), five in the Jail (all men) and nine awaiting trial (eight men and one woman); a total of one hundred and thirty-six men and nine women. There were two men locked up. No one has been placed in solitary since our last visit. And the easement over all the land lying between the above-

Where necessary to obtain a slope of two feet horizontal to one foot vertical, the Commissioners reserve the right to slope bank on abutting private property.

Said road where side lines are parallel shall be fifty (50.00) feet in width.

Said street when constructed shall be constructed on the center line of the above-described layout and the grade of the center of said highway shall be such as to make the way safe and convenient for public travel and shall be to the satisfaction of the County Commissioners.

In the foregoing description, abutting property is stated as owned by those shown as owners on said plan, but it shall be understood that the reference in each case is to the land shown on said plan as owned by the person or persons named whoever in fact the owners may be.

And we consider that no person, estate or corporation sustains any damage by this laying out of the above-described part of Plymouth Street as no land is taken.

For a further identification and a more particular description reference is hereby made to a plan entitled "Decree No. 1236. Plan of re-establishment of the lines of part of Plymouth Street in the Town of Halifax" as laid out by the County Commissioners under petition of the Selectmen filed July 22, 1958, drawn on a scale of forty (40.00) feet to an inch by Lewis W. Perkins, County Engineer, herewith filed and made a part of this decree.

The grade of the center of the above-described highway when fully completed in accordance with this decree is to conform to the grade of the said highway as at present constructed. Trees on the areas taken are not to be cut by the owners, but such trees as are designated by the County Commissioners will be cut into suitable lengths and deposited on other land of the owners by the contractor. If walls and fences are moved, the work will be done under construction without expense to owners. Owners of land taken as aforesaid are required to remove their buildings and other obstructions from the lands so taken within thirty days from the date of entry for construction.

It is considered that no Person, Estate or Corporation sustains any damage by this re-establishment of the lines of this part of Plymouth Street.

And said Commissioners order that the foregoing return be filed, accepted and recorded, and that an attested copy thereof be filed in the Registry of Deeds for the County of Plymouth and that an attested copy be transmitted to the Clerk of the Town of Halifax within the limits of which town said highway described herein lies.

IN WITNESS WHEREOF, we hereunto set our hands and the seal of said County of Plymouth this fifth day of May in the year of our Lord nineteen hundred and fifty-nine.

On the petition of the Selectmen of Bridgewater presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the twelfth day of November in the year of our Lord nineteen hundred and fifty-eight, representing that the highway in said town known as Pleasant Street between South Street and Raynham Line is narrow, crooked and inconvenient for use and in need of specific repair, locating anew, or relocation, and the intersections of said highway with connecting streets are dangerous for public travel, reference being had to the petition filed of record in the case.

The County Commissioners, pursuant to an order of notice duly published, posted and served, by which all persons and corporations interested had due notice thereof, met to view the premises at the County Commissioners' Office in Plymouth in said County on the twelfth day of May A.D., 1959, at 2:00 o'clock in the afternoon, and after viewing the premises and hearing all persons and corporations who desired to be heard, the said hearing was continued and adjourned for further consideration, from time to time, all persons and corporations interested having due notice thereof, to a meeting of the County Commissioners, held at their office in Plymouth on the twelfth day of May A. D., 1959, when and where they adjudicate and determine that common convenience and necessity require that the prayer of said petition be granted.

And upon the adjudication aforesaid, the said Commissioners appointed the second day of June A. D., 1959, and 2:00 o'clock in the afternoon, at County Commissioners' Office in Plymouth in said County as the time and place when and where they would proceed to further view the premises, and make such order in relation to said adjudication as by law they might be authorized to do.

And having given notice of such adjudication, and of the time and

COUNTY COMMISSIONERS
No. 1256

DECREE

Acting under the petition of E. Frank Maguire, of Marshfield, filed the twenty-second day of July A. D. 1959, requesting consideration of the refusal or neglect of the Board of Health of the Town of Marshfield to abate a nuisance located on the land between MacArthur Lane and Johnson Terrace, in Marshfield, said nuisance consisting of sewage discharging into an open ditch, the County Commissioners viewed the premises on February 29, 1960 and, due to the recurring tides washing under every house, see no present solution to the problem and therefore refer this matter back to the Town of Marshfield.

Now, therefore, IT IS ORDERED, ADJUDGED AND DECREED that said petition be and hereby is dismissed.

IN Witness whereof, the said County Commissioners have hereunto set their hands and seal of said County of Plymouth this twenty-second day of March A. D. 1960.

March 29, 1960

On the petition of the Selectmen of Middleborough presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the eleventh day of August in the year of our Lord nineteen hundred and fifty-nine requests an order of land taking be made at the corner of East Main and North Main Streets, known as Tripps Corner, reference being had to the petition filed of record in the case.

The County Commissioners, pursuant to an order of notice duly published, posted and served, by which all persons and corporations interested had due notice thereof, met to view the premises at the County Commissioners' Office, Plymouth, in said County on the first day of September A. D. 1959, at 3:00 o'clock in the afternoon, and after viewing the premises and hearing all persons and corporations who desired to be heard, they adjudicate and determine that common convenience and necessity require that the prayer of said petition be granted as hereafter set forth; no person or corporation then or at any other time objecting thereto.

And they continue and adjourn said proceedings from time to time for further consideration and to make return thereof, all persons and corporations interested having due notice thereof to a meeting of the County Commissioners held at their office in Plymouth on the twenty-ninth day of March A. D. 1960, when and where they proceed to complete said proceedings and make return thereof as follows, to wit:--

Beginning at a county bound set in the easterly side line of North Main Street at land of Arthur Winslow Tripp and Bernice S. Tripp and thence running on a curve starting northeasterly and curving easterly and southeasterly on a radius of fifty (50.00) feet through said land of Tripp sixty-three and thirty-eight hundredths (63.38) feet to a county bound set in the southerly side line of East Main Street.

And the easement over all the land, namely one hundred sixty-two (162.00) square feet, lying between the above-described line and the old street line is hereby taken and laid out as a public highway.

Where necessary to obtain a slope of two feet horizontal to one foot vertical, the Commissioners reserve the right to slope bank on abutting private property.

In the foregoing description, abutting property is stated as owned by those shown as owners on said plan, but it shall be understood that the reference in each case is to the land shown on said plan as owned by the person or persons named whoever in fact the owners may be.

For a further identification and a more particular description reference is hereby made to a plan entitled "Decree No. 1258. Plan showing change in street line at the corner of North Main Street and East Main Street, in the Town of Middleborough" as laid out by the County Commissioners under petition of the Selectmen filed August 11, 1959, drawn on a scale of twenty (20.00) feet to an inch by Lewis W. Perkins, County Engineer, herewith filed and made a part of this decree.

The grade of the center of the above-described highway when fully completed in accordance with this decree is to conform to the grade of the said highway as at present constructed. Trees on the areas taken are not to be cut by the owners, but such trees as are designated by the County Commissioners will be cut into suitable lengths and deposited on other land of the owners by the contractor. If walls and fences are moved, the work will be done under construction without expense to owners. Owners of land taken as aforesaid are required to remove their buildings and other obstructions from the lands so taken within thirty days from the date of entry for construction.

The inhabitants of the town of Middleborough aforesaid, are hereby ordered to cause said highway to be constructed as aforesaid, made safe and convenient for the public travel, and to the acceptance of the County Commissioners before the twenty-ninth day of March A. D., 1962.

The sums hereinafter named are awarded to the persons and corporations over whose lands easements are taken for said highway or who suffer damages on account thereof, to be paid from the Town Treasury as soon as said town shall enter upon and take possession of said lands for the purpose of construction, to wit:

On the petition of the Selectmen of Plymouth presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the twenty-first day of April in the year of our Lord nineteen hundred and fifty-nine, representing that the highway in said town known as Nook Road, also known as Littleton Road, laid out by the Town of Plymouth on May 8, 1716, from Sandwich Street (Route 3A) southwesterly about 3200 feet to South Street as laid out by the County Commissioners, Decree No. 1208 is narrow, crooked and inconvenient for use and in need of specific repair, locating anew, or relocation, and the intersections of said highway with connecting streets are dangerous for public travel, reference being had to the petition filed of record in the case.

The County Commissioners, pursuant to an order of notice duly published, posted and served, by which all persons and corporations interested had due notice thereof, met to view the premises at the County Commissioners' Office in Plymouth in said County on the first day of September A. D., 1959, at 1:30 o'clock in the afternoon, and after viewing the premises and hearing all persons and corporations who desired to be heard, the said hearing was continued and adjourned for further consideration, from time to time, all persons and corporations interested having due notice thereof, to a meeting of the County Commissioners, held at their office in Plymouth on the first day of September A. D., 1959, when and where they adjudicate and determine that common convenience and necessity require that the prayer of said petition be granted.

And upon the adjudication aforesaid, the said Commissioners appointed the twenty-second day of September A. D., 1959, and 1:30 o'clock in the afternoon, at County Commissioners' Office in Plymouth in said County as the time and place when and where they would proceed to further view the premises, and make such order in relation to said adjudication as by law they might be authorized to do.

And having given notice of such adjudication and of the time and place appointed for the purposes aforesaid, in the same manner as the notice and publication were given and made before first proceeding to view (except by publishing an abstract of said petition instead of a copy thereof), the said Commissioners met at the time and place appointed and then

The southerly line of old Center Street thence runs on a curve starting southwesterly and curving westerly, northerly and northeasterly on a radius of ten (10.00) feet by land of Town of Pembroke twenty-five and ninety-eight hundredths (25.98) feet to a county bound and thence running north $44^{\circ} 20' 50''$ east by said land of Town of Pembroke one hundred thirty-two and forty-nine hundredths (132.49) feet to a county bound, said bound bears south $8^{\circ} 09' 40''$ west and is sixty-seven and seventy-five hundredths (67.75) feet distant from the last-described bound in the above-described northerly line.

And the easement over all the land lying between the above-described lines is hereby taken and laid out for highway purposes.

Where necessary to obtain a slope of two feet horizontal to one foot vertical, the Commissioners reserve the right to slope bank on abutting private property.

Said road where side lines are parallel shall be forty (40.00) feet in width.

Said street when constructed shall be constructed on the center

line of the above-described layout and the grade of the center of said highway shall be such as to make the way safe and convenient for public travel and shall be to the satisfaction of the County Commissioners.

In the foregoing description, abutting property is stated as owned by those shown as owners on said plan, but it shall be understood that the reference in each case is to the land shown on said plan as owned by the person or persons named whoever in fact the owners may be.

For a further identification and a more particular description reference is hereby made to a plan entitled "Decree No. 1274. Re-establishment of the lines of part of Center Street in the Town of Pembroke" as laid out by the County Commissioners under petition of the Selectmen filed December 15, 1959, drawn on a scale of forty (40.00) feet to an inch by Lewis W. Perkins, County Engineer, herewith filed and made a part of this decree.

The grade of the center of the above-described highway when fully completed in accordance with this decree is to conform to the grade of the said highway as at present constructed. Trees on the areas taken are not to be cut by the owners, but such trees as are designated by the County Commissioners will be cut into suitable lengths and deposited on other land of the owners by the contractor. If walls and fences are moved, the work will be done under construction without expense to owners. Owners of land taken as aforesaid are required to remove their buildings and other obstructions from the lands so taken within thirty days from the date of entry for construction.

It is considered that no Person, Estate or Corporation sustains any damage by this re-establishment of the lines of this part of Center Street in the Town of Pembroke.

And said Commissioners order that the foregoing return be filed, accepted and recorded, and that an attested copy thereof be filed in the Registry of Deeds for the County of Plymouth and that an attested copy be transmitted to the Clerk of the Town of Pembroke within the limits of which town said highway described herein lies.

In Witness whereof, we hereunto set
our hands and the seal of said

(seal)

County of Plymouth this thirty-first day of May in the year of our Lord nineteen hundred and sixty.

PLYMOUTH

September 27, 1960

On the petition of the Selectmen of Plymouth presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the tenth day of February in the year of our Lord nineteen hundred and fifty-nine representing that part of the highway in said town known as Beaver Dam Road between State Highway (Route 3A) southerly 6,710 feet to northerly end of County Decree No. 1202 (as laid out by the County Commissioners under petition of the Selectmen filed Oct. 9, 1956) is narrow, crooked and inconvenient for use and in need of specific repair, locating anew, or relocation, and the intersections of said highway with connecting streets are dangerous for public travel, reference being had to the petition filed of record in the case.

D. 1960, at 2:30 o'clock in the afternoon, and after viewing the premises and hearing all persons and corporations who desired to be heard, they adjudicate and determine that common convenience and necessity require that the prayer of said petition be granted as hereafter set forth; no person or corporation then or at any other time objecting thereto.

And they continue and adjourn said proceedings from time to time for further consideration and to make return thereof, all persons and corporations interested having due notice thereof to a meeting of the County Commissioners held at their office in Plymouth on the twenty-seventh day of September A.
