TOWN OF DUXBURY

FINDINGS AND ORDER FOR DECREE

This is an appeal to the County Commissioners under the provisions of General Laws Chapter 59, Sections 64 to 65B from a refusal of the Board of Assessors of the Town of Duxbury to abate a motor vehicle and trailer excise on a 1960 Rapier Sunbeam-Talbot sedan.

We find that the 1960 Motor Vehicle Excise should have been based upon the Manufacturer's List Price of \$1,855.00, and the valuation for the year of manufacture is determined to be \$1,695.00 or not in excess of 90% of such list price in accordance with the provisions of Mass. General Laws

NO. 1312

RETURN OF
LOCATION

Part of A New
Street
SCITUATE
June 12, 1962

On the petition of the Selectmen of Scituate presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the nineteenth day of January in the year of our Lord nineteen hundred and sixty-two representing that part of the highway in said town known as "A New Street", laid out by the County Commissioners under Decree No. 1251, between a point marked by intermediate bounds, said point being about 460 feet distant easterly from Country Way, and extending easterly about 300 feet is narrow, crooked and inconvenient for use and in need of specific repair, locating anew, or relocation, and the intersections of said highway with connecting streets are dangerous for public travel, reference being had to the petition filed of record in the case.

The County Commissioners, pursuant to an order of notice duly published, posted and served, by which all persons and corporations interested had due notice thereof, met to view the premises at the County Commissioners' Office, Plymouth, in said County on the sixth day of April A. D. 1962, at 10:00 o'clock in the forenoon, and after viewing the premises and hearing all persons and corporations who desired to be heard, they adjudicate and determine that common convenience and necessity require that the prayer of said petition be granted as hereafter set forth; no person or corporation then or at any other time objecting thereto.

And they continue and adjourn said proceedings from time to time for further consideration and to make return thereof, all persons and corporations interested having due notice thereof to a meeting of the County Commissioners held at their office in Plymouth on the twelfth day of June A. D. 1962, when and where they proceed to complete said proceedings and make return thereof as follows, to wit:-

The northerly line (side line) of proposed widening of New Street thence runs north 4° 08' 01" east through said land of Murdock twenty (20.00) feet to a county bound, thence turning and running on a curve in an easterly direction on a radius of one thousand nine hundred eighty (1,980.00) feet through said land of Murdock and through land of Kenneth H. Gauley one hundred forty-three and fifty-five hundredths (143.55) feet to a county bound said line being parallel to and twenty (20.00) feet distant northerly from the northerly side line of New Street, thence turning and running south 0° 01' 13" east by said land of Gauley twenty (20.00) feet to the present northerly line of New Street said point to be marked by a county bound and thence turning and running on a curve on a radius of two thousand (2,000.00) feet in a westerly direction in the present northerly side line of New Street one hundred forty-five (145.00) feet to a point of beginning.

Southerly Line:

The southerly line of the proposed widening on the southerly side of New Street begins at a county bound set in the present southerly side line of New Street at land of John A. Murdock and Phyllis S. Murdock said bound is four hundred fifty-one and ninety hundredths (451.90) feet distant from the easterly side line of Country Way, said distance being measured on the present southerly side line of New Street, said distance being measured on an arc the radius of which is two thousand sixty (2,060.00) feet, said bound bears south 4° 08' 01" west and is sixty (60.00) feet distant from the first-described bound in the above-described line. The new southerly line (side line) of a part of New Street thence runs south 4° 08' 01" west by said land of Murdock thirty (30.00) feet to a county bound, thence running on an easterly direction on a radius of two thousand ninety (2,090.00) feet by said land of Murdock and by land of Kenneth H. Gauley two hundred fifty-three and sixty-four hundredths (253.64) feet to a county bound, said last-described line being thirty (30.00) feet distant southerly and parallel to the present southerly line of New Street, thence turning and running north 2° 49' 11" west by land of Kenneth H. Gauley thirty (30.00) feet to a county bound set in the present southerly side line of New Street, thence turning and running on a curve on a radius of two thousand sixty (2,060.00) feet in a westerly direction in the present southerly side line of New Street two hundred fifty (250.00) feet to a point of beginning.

And the easement over all the land lying between the above-described lines is hereby taken and laid out for highway purposes.

Where necessary to obtain a slope of two feet horizontal to one foot vertical, the Commissioners reserve the right to slope bank on abutting private property.

Said road where side lines are parallel shall be one hundred ten (110.00) feet in width.

Said street when constructed shall be constructed on the center line of the above-described layout and the grade of the center of said highway shall be such as to make the way safe and convenient for public travel and shall be to the satisfaction of the County Commissioners.

All of that part of the Old highway lying outside the above-described lines shall be discontinued as a public highway when the new roadway has been constructed within the limits of the above-described lines to the satisfaction of the County Commissioners.

The Town of Scituate shall have the right to maintain water mains, hydrants or any other utilities or grant permits to any public utility company to maintain their utilities in any part of said street which has been discontinued as a public way in the above decree.

In the foregoing description, abutting property is stated as owned by those shown as owners on said plan, but it shall be understood that the reference in each case is to the land shown on said plan as owned by the person or persons named whoever in fact the owners may be.

For a further identification and a more particular description reference is hereby made to a plan entitled "Decree No. 1312, Plan of part of New Street in the Town of Scituate" as laid out by the County Commissioners under petition of the Selectmen filed January 19, 1962, drawn on a scale of forty (40.00) feet to an inch by Lewis W. Perkins, County Engineer, herewith filed and made a part of this decree.

CENTER STREET AND ITS JUNCTION WITH MAQUAN STREET,
AS LAID OUT BY THE COUNTY COMMISSIONERS UNDER PE-
TITION OF MELVIN B. SHEPHERD, SR. ET ALS. FILED
SEPTEMBER 28, 1961 AND DECREE NO. 1300.

Beginning at a point marked by a county bound at land of Loretto Bersani and Caroline Bersani and thence running on a curve in an easterly direction on a radius of one thousand two hundred (1,200.00) feet through said land of Bersani, through land of Lanzillotta Realty Trust, through land of Robert L. Ewell and through land of Mary T. Ewell eight hundred sixty-two and sixty-two hundredths (862.62) feet to a county bound marking a point of compound curve and thence running on a curve to the left on a radius of eight hundred (800.00) feet through said land of Ewell and through land of Margaret Whitmarsh and Frank W. Whitmarsh two hundred three and thirty-five hundredths (203.35) feet to

a county bound set in the present northerly side line of Mattakeesett Street as laid out under Decree No. 942.

And the easement over all the land lying between the above-described line and the present northerly side line of Mattakeesett Street is hereby taken and laid out as a public highway.

Where necessary to obtain a slope of two feet horizontal to one foot vertical, the Commissioners reserve the right to slope bank on abutting private property.

In the foregoing description, abutting property is stated as owned by those shown as owners on said plan, but it shall be understood that the reference in each case is to the land shown on said plan as owned by the person or persons named whoever in fact the owners may be.

For a further identification and a more particular description reference is hereby made to a plan entitled "Decree No. 1300. Plan of part of Mattakeesett Street in the Town of Pembroke" as laid out by the County Commissioners under petition of Melvin B. Shepherd, Sr., et als. filed September 28, 1961, drawn on a scale of forty (40.00) feet to an inch by Lewis W. Perkins, County Engineer, herewith filed and made a part of this decree.

The grade of the center of the above-described highway when fully completed in accordance with this decree is to conform to the grade of the said highway as at present constructed. Trees on the areas taken are not to be cut by the owners, but such trees as are designated by the County Commissioners will be cut into suitable lengths and deposited on other land of the owners by the contractor. If walls and fences are moved the work will be done under construction without expense to owners. Owners of land taken as aforesaid are required to remove their buildings and other obstructions from the lands so taken within thirty days from the date of entry for construction.

The inhabitants of the town of Pembroke aforesaid, are hereby ordered to cause said highway to be constructed as aforesaid, made safe and convenient for the public travel, and to the acceptance of the County Commissioners before the twenty-sixth day of June A. D. 1964.

On the petition of the Selectmen of Pembroke presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the thirty-first day of October in the year of our Lord nineteen hundred and sixty-one representing that part of the highway in said town known as Oak Street between Pleasant Street and Southeast Expressway is narrow, crooked and inconvenient for use and in need of specific repair, locating anew, or relocation, and the intersections of said highway with connecting streets are dangerous for public travel, reference being had to the petition filed of record in the case.

D. 1962, at 3:00 o'clock in the afternoon, and after viewing the premises and hearing all persons and corporations who desired to be heard, they adjudicate and determine that common convenience and necessity require that the prayer of said petition be granted as hereafter set forth; no person or corporation then or at any other time objecting thereto.

And they continue and adjourn said proceedings from time to time for further consideration and to make return thereof, all persons and corporations interested having due notice thereof to a meeting of the County Commissioners held at their office in Plymouth on the twenty-sixth day of June A. Voted to enter on the records the following report of an inspection of the House of Correction and Jail in Plymouth:

"In accordance with Chapter 126, Section 1 of the General Laws, the regular inspection of the House of Correction and Jail was made on Tuesday, August 28, 1962, by the County Commissioners.

"The Commissioners found the institution overcrowded. At least two corridors were lined with cots because there is not sufficient housing for the number of inmates. The women have no toilets in their cells. The grounds were well cared for. The driveway was in poor condition.

"Since the last inspection on July 11, 1961, there have been two thousand two hundred fifty (2,250) commitments; one thousand three hundred fifty-six (1,356) to the House of Correction and eight hundred ninety-four (894) to the Jail. The total number in this institution on this day, August 28, 1962, was one hundred seventy-one (171); one hundred sixty-two (162) men and nine (9) women. Of that total, forty-one (41) men and five (5) women were awaiting trial and one woman was a material witness. There were no lock-ups for disobedience.

"Following is a record of good time deductions revoked:

1/23/62	Leo F. Curran	- 60 days
1/23/62	William J. Hennebury	- 60 days
7/17/62	Nellie McLeod Cloudman	- 23 days

"The following prisoners have been paroled from the institution since our last visit:

Richard I. Orbeton	Emile A. Bouley, Jr.	Raymond E. Lofstrom, Jr.
William Perkins	William A. Prince	Lillian King
Lewis C. Rhodes	Joseph Markarian	Jeremiah J. Coughlin

NO. 1298

RETURN OF
LOCATION

PLEASANT STREET,
MARION

February 19, 1963

On the petition of the Selectmen of Marion presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the nineteenth day of September in the year of our Lord nineteen hundred and sixty-one representing that the highway in said town known as Pleasant Street between Main Street and Converse Road is narrow, crooked and inconvenient for use and in need of specific repair, locating anew, or relocation and the intersections of said highway with connecting streets are dangerous for public travel, reference being had to the petition filed of record in the case.

The County Commissioners, pursuant to an order of notice duly published, posted and served, by which all persons and corporations interested had due notice thereof, met to view the premises at the County Commissioners' Office, Plymouth, in said County on the thirteenth day of April A. D. 1962, at 1:30 o'clock in the afternoon, and after viewing the premises and hearing all persons and corporations who desired to be heard, they adjudicate and determine that common convenience and necessity require that the prayer of said petition be granted as hereafter set forth; no person or corporation then or at any other time objecting thereto.

And they continue and adjourn said proceedings from time to time for further consideration and to make return thereof, all persons and corporations interested having due notice thereof to a meeting of the County Commissioners held at their office in Plymouth on the nineteenth day of

February A. D. 1963, when and where they proceed to complete said proceedings and make return thereof as follows, to wit:-

Perkins, County Engineer, herewith filed and made a part of this decree.

The grade of the center of the above-described highway when fully completed in accordance with this decree is to conform to the grade of the said highway as at present constructed. Trees on the areas taken are not to be cut by the owners, but such trees as are designated by the County Commissioners will be cut into suitable lengths and deposited on other land of the owners by the contractor. If walls and fences are moved the work will be done under construction without expense to owners. Owners of land taken as aforesaid are required to remove their buildings and other obstructions from the lands so taken within thirty days from the date of entry for construction.

The inhabitants of the town of Marion aforesaid, are hereby ordered to cause said highway to be constructed as aforesaid, made safe and convenient for the public travel, and to the acceptance of the County Commissioners before the nineteenth day of February A. D. 1965.

The sums hereinafter named are awarded to the persons and corporations over whose lands easements are taken for said highway or who suffer damages on account thereof, to be paid from the Treasury as soon as said town shall enter upon and take possession of said lands for the purpose of construction, to wit:

No takings, No discontinuances, No awards.

All names of owners herein given, although supposed to be correct are such only as matters of opinion and belief.

And said Commissioners order that the foregoing return be filed, accepted and recorded, and that an attested copy thereof be filed in the Registry of Deeds for the County of Plymouth and that an attested

The County Commissioners, pursuant to an order of notice duly published, posted and served, by which all persons and corporations interested had due notice thereof, met to view the premises at the County Commissioners' Office, Plymouth, in said County on the fourteenth day of December A. D. 1962, at 1:30 o'clock in the afternoon, and after viewing the premises and hearing all persons and corporations who desired to be heard, they adjudicate and determine that common convenience and necessity require that the prayer of said petition be granted as hereafter set forth; no person or corporation then or at any other time objecting thereto.

And they continue and adjourn said proceedings from time to time for further consideration and to make return thereof, all persons and corporations interested having due notice thereof to a meeting of the County Commissioners held at their office in Plymouth on the twenty-eighth day of May A. No. 1297

RETURN OF
LOCATIONPART OF KINGMAN
STREET,
LAKEVILLEOctober 8, 1963

On the petition of the Selectmen of Lakeville presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the nineteenth day of September in the year of our Lord nineteen hundred and sixty-one representing that the highway in said town known as part of Kingman Street between Pickens Street and Pierce Avenue is narrow, crooked and inconvenient for use and in need of specific repair, locating anew, or relocation, and the intersections of said highway with connecting streets are dangerous for public travel, reference being had to the petition filed of record in the case.

The County Commissioners pursuant to an order of notice duly published, posted and served, by which all persons and corporations interested had due notice thereof, met to view the premises at the County Commissioners' Office, Plymouth, in said County on the thirteenth day of April A. D. 1962, at 3:00 o'clock in the afternoon, and after viewing the premises and hearing all persons and corporations who desired to be heard, they adjudicate and determine that common convenience and necessity require that the prayer of said petition be granted as hereafter set forth; no person or corporation then or at any other time objecting thereto.

And they continue and adjourn said proceedings from time to time for further consideration and to make return thereof, all persons and corporations interested having due notice thereof to a meeting of the County Commissioners held at their office in Plymouth on the eighth day of October A. On the petition of the Selectmen of Scituate presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the tenth day of September in the year of our Lord nineteen hundred and sixty-three representing that the highway in said town known as part of Driftway and Part of A New Street, at land of Boston Sand & Gravel Company, at the intersection of said streets is narrow, crooked and inconvenient for use and in need of specific repair, locating anew, or relocation, and the intersections of said highway with connecting streets are dangerous for public travel, reference being had to the petition filed of record in the case.

premises and hearing all persons and corporations who desired to be heard, they adjudicate and determine that common convenience and necessity require that the prayer of said petition be granted as hereafter set forth; no person or corporation then or at any other time objecting thereto.

And they continue and adjourn said proceedings from time to time for further consideration and to make return thereof, all persons and corporations interested having due notice thereof to a meeting of the County Commissioners held at their office in Plymouth on the twenty-second day of October A. D. 1963, when and where they proceed to complete said proceedings and make return thereof as follows, to wit:-

Westerly Line:

The westerly line (side line) of Driftway and New Street begins at the next-to-last county bound described in the northerly line of Driftway, as laid out under Decree No. 1252.

The westerly line of Driftway and New Street thence runs on a curve starting northeasterly and curving more northerly on a radius of one thousand five hundred eight and thirteen hundredths (1,508.13) feet through land of the Boston Sand & Gravel Company one thousand one hundred thirty-two and forty-two hundredths (1,132.42) feet to a county bound set in the westerly line of New Street as laid out under Decree No. 1253.

Easterly Line:

The easterly line (side line) of Driftway and New Street begins at a county bound set in the easterly line of New Street as laid out under Decree No. 1253 at land of the Boston Sand & Gravel Company. Said bound is three hundred twenty-two and eighty-eight hundredths (322.88) feet northeasterly measured on a curve on a radius of eight hundred sixty (860.00) feet from the last-described bound in the southerly and easterly line of Driftway as laid out under Decree No. 1252.

The easterly line thence runs north $50^{\circ} 19' 30''$ west (True Meridian) in the old layout of New Street fifty-three and fifteen thousandths (53.015) feet to a county bound, thence running on a curve starting northeasterly and curving more northerly on a radius of one thousand five hundred sixty-eight and thirteen hundredths (1,568.13) feet in the old layout of New Street five hundred eighty-eight and seventy-four hundredths (588.74) feet to a county bound set at land of the Boston Sand & Gravel Company. Said bound bears south $71^{\circ} 50' 10''$ east and is sixty (60.00) feet distant from the last-described bound in the above-described westerly line.

And the easement over all the land lying between the above-described lines is hereby taken and laid out for highway purposes.

Where necessary to obtain a slope of two feet horizontal to one foot vertical, the Commissioners reserve the right to slope bank on abutting private property.

Said road where side lines are parallel shall be sixty (60.00) feet in width.

Said street when constructed shall be constructed on the center line of the above-described layout and the grade of the center of said highway shall be such as to make the way safe and convenient for public travel and shall be to the satisfaction of the County Commissioners.

All of that part of the old highway lying outside the above-described lines shall be discontinued as a public highway when the new roadway has been constructed within the limits of the above-described lines to the satisfaction of the County Commissioners.

The Town of Scituate shall have the right to maintain water mains, hydrants or any other utilities or grant permits to any public utility company to maintain their utilities in any part of Driftway or the new Street which has been discontinued as a public way in the above decree.

In the foregoing description, abutting property is stated as owned by those shown as owners on said plan, but it shall be understood that the reference in each case is to the land shown on said plan as owned by the person or persons named whoever in fact the owners may be.

The inhabitants of the town of Scituate aforesaid, are hereby ordered to cause said highway to be constructed as aforesaid, made safe and convenient for the public travel, and to the acceptance of the County Commissioners before the twenty-second day of October A. D. 1965.

The sums hereinafter named are awarded to the persons and corporations over whose lands easements are taken for said highway or who suffer damages on account thereof, to be paid from the Town Treasury as soon as said town shall enter upon and take possession of said lands for the purpose of construction, to wit:
