Whereupon the County Commissioners, at a meeting held at their office in Plymouth on the eleventh day of February A. D. 1964, proceed to complete said proceedings and make return thereof as follows, to wit:--

DESCRIPTION OF A PART OF THE NORTHERLY LINE OF CHESTNUT STREET NEAR LAND OF LESTER R. BOWLES AND DAGMAR E. BOWLES, IN THE TOWN OF ABINGTON, AS AMENDED BY THE COUNTY COMMISSIONERS UNDER DECREE NO. 1291.

Description of a part of the northerly line of Chestnut Street, Abington, as laid out by the County Commissioners under Decree No. 1291, said part being at the northeast corner of the intersection of Chestnut Street with North Quincy Street and extending about two hundred twenty-five (225.00) feet southwesterly, southerly, easterly and northeasterly to a point in the northerly line of Chestnut Street, reference being had to the request of the Selectmen for an amendment in this case.

Northerly Line:

Beginning at a county bound set in land of Lester R. Bowles and Dagmar E. Bowles, said bound bears north 3° 52' 35" east (Magnetic Meridian) and is two hundred fifty-three and thirty-nine hundredths (253.39) feet distant from the first-described bound in the southerly line (side line) of Chestnut Street as described under Decree No. 1291. The northerly line (side line) of Chestnut Street thence runs south 3° 17' 50" west fifty-five and twenty-eight hundredths (55.28) feet to a county bound, thence running on a curve to the left of a radius of sixty (60.00) feet a distance of one

hundred thirteen and thirty-three hundredths (113.33) feet to a county bound, thence running north 75° 04' 40" east, fifty-five and twenty-eight hundredths (55.28) feet to a county bound set in the present northerly line of Chestnut Street.

All the land lying between the above-described line and the northerly line of Chestnut Street described under Decree No. 1291 as a radius of one hundred (100.00) feet and an arc length of one hundred eighty-eight and eighty-eight hundredths (188.88) feet and bounded northerly by the land of Lester R. Bowles and Dagmar E. Bowles is hereby discontinued as a public way with the following restrictions:

Where necessary to obtain a slope of two feet horizontal to one foot vertical, the Commissioners reserve the right to slope bank on abutting private property.

Said street when constructed shall be constructed on the center line of the above-described layout and the grade of the center of said highway shall be such as to make the way safe and convenient for public travel and shall be to the satisfaction of the County Commissioners.

The Town of Abington shall have the right to maintain water mains, hydrants or any other utilities or grant permits to any public utility company to maintain their utilities in any part of Chestnut Street which has been discontinued as a public way in the above decree.

In the foregoing description, abutting property is stated as owned by those shown as owners on said plan, but it shall be understood that the reference in each case is to the land shown on said plan as owned by the person or persons named whoever in fact the owners may be.

Reference may be made to a plan entitled "Amendment to Decree No. 1291, Plan of Chestnut Street in the Town of Abington as laid out by the County Commissioners under petition of the Selectmen filed February 21, 1961 on a scale of forty (40.00) feet to an inch by Lewis W. Perkins, Consulting Engineer" herewith filed and made a part of this amended decree. Request from Selectmen to amend Decree filed January 23, 1963.

The grade of the center of the above-described highway when fully completed in accordance with this decree is to conform to the grade of the said highway as at present constructed. Trees on the areas taken are not to be cut by the owners, but such trees as are designated by the County Commissioners will be cut into suitable lengths and deposited on other land of the owners by the contractor. If walls and fences are moved

the work will be done under construction without expense to owners. Owners of land taken as aforesaid are required to remove their buildings and other obstructions from the lands so taken within thirty days from the date of entry for construction.

And said Commissioners order that the foregoing return be filed, accepted and recorded and that an attested copy thereof be filed in the Registry of Deeds for the County of Plymouth and that an attested copy be transmitted to the Clerk of the Town of Abington within the limits of which town said highway described herein lies.

In Witness whereof, we hereunto set our hands and the seal of said County of Plymouth this eleventh day of February in the year of our Lord nineteen hundred and sixty-four.

"In accordance with Chapter 126, Section 1 of the General Laws, the regular inspection of the House of Correction and Jail was made on Tuesday, March 24, 1964, by the County Commissioners.

"The Commissioners found the institution very orderly, neat and clean. They enjoyed a delightful dinner.

The temperature in the building was comfortable, if not a bit warm. It was noticed, however, that the windows and casements are badly in need of repair.

Outside, the cement steps are in need of pointing up and the driveway is badly in need of repairs or hot mix.

No. 1241

AMENDMENT TO
RETURN OF
LOCATION

PLEASANT STREET,
BRIDGEWATER

July 21, 1964

Upon petition of the Selectmen of the Town of Bridgewater a decree for a layout of Pleasant Street in the Town of Bridgewater was issued by the Plymouth County Commissioners under Decree No. 1241 on November 10, 1959.

Now therefore, upon request of the Massachusetts Department of Public Works for an amendment to this decree at or near Parcels No. 76 and 81, for the purpose of providing wider approaches at the junctions of the Old and New sections of Pleasant Street, the County Commissioners, at an informal hearing to which all persons and corporations interested had due notice thereof, met to view the premises, at the County Commissioners' Office in said County on the twenty-eighth day of January A. D. 1964 at 1:30 o'clock in the afternoon, and after viewing the premises and hearing all persons and corporations who desired to be heard, they determined that said amendment should issue, no person or corporation then or at any other time objecting thereto.

Whereupon the County Commissioners, at a meeting held at their office in Plymouth on the twenty-first day of July A. D. 1964 proceed to complete said proceedings and make return thereof as follows, to wit:-

DESCRIPTION OF JUNCTIONS OF OLD AND NEW SECTIONS OF PLEASANT STREET, BRIDGEWATER, AS LAID OUT BY THE COUNTY COMMISSIONERS UNDER DECREE NO. 1241, AT PARCEL NO. 76 AND PARCEL NO. 81, AS AMENDED BY THIS DECREE, FOR THE PURPOSE OF PROVIDING WIDER APPROACHES AT SAID JUNCTIONS.

Locus No. 1 - (Parcel No. 76):

Beginning at the point of intersection of the westerly line (side line) of old Pleasant Street with the southerly line (side line) of new Pleasant Street, as laid out under Decree No. 1241, said point bears south 60° 37' 40" west (True Meridian) and is five hundred ten and ninety-eight hundredths (510.98) feet distant from the thirteenth described bound in said southerly line of new Pleasant Street, the southerly line of Pleasant Street thence runs south 36° 04' 30" west by the westerly line of old Pleasant Street twenty-one and nineteen hundredths (21.19) feet to a point; thence running south 27° 41' 40" west still by the westerly line of old Pleasant Street one hundred two and twenty-one hundredths (102.21) feet to a county bound at land of Arvid Joenpolvi and Bertha D. Joenpolvi. The southerly line of Pleasant Street thence runs on a curve starting northeasterly and curving northerly, westerly and southwesterly of a radius of thirty-five (35.00) feet through said land of Joenpolvi eighty-nine and

eighty-four hundredths (89.84) feet to a county bound set in the southerly line of Pleasant Street as laid out under Decree No. 1241.

And the easement over all the land lying between the above-described lines and the southerly line of Pleasant Street described under Decree No. 1241 as having a bearing of south 60° 37' 40" west and a total distance of two thousand one hundred and seventy-one hundredths (2,100.71) feet is hereby taken and laid out for highway purposes.

Locus No. 2 (Parcel No. 81)

Beginning at a county bound set in the southerly line (side line) of Pleasant Street, as laid out under Decree No. 1241 and in the division line between land of Harry I. Shumway and Emil R. Ouimet, said bound bears south 60° 37' 40" west (True Meridian) and is one thousand fifty-one and sixty-nine hundredths (1,051.69) feet distant from the last-described bound in the first-described taking, the southerly line of Pleasant Street thence runs south 12° 20' 50" west along said division line between Shumway and Ouimet eighty-five and fifteen hundredths (85.15) feet to a county bound set in the northerly line of old Pleasant Street and thence running south 81° 48' 10" west by the northerly line of old Pleasant Street one hundred seventy-five and ninety-four hundredths (175.94) feet to a point marking the intersection of the northerly line of old Pleasant Street with the southerly line of new Pleasant Street as laid out under Decree No. 1241.

And the easement over all the land lying between the above-described lines and the southerly line of Pleasant Street described under Decree No. 1241 as having a bearing of south 60° 37' 40" west and a total distance of two thousand one hundred and seventy-one hundredths (2,100.71) feet is hereby taken and laid out for highway purposes.

Where necessary to obtain a slope of two feet horizontal to one foot vertical, the Commissioners reserve the right to slope bank on abutting private property.

The Town of Bridgewater shall have the right to maintain water mains, hydrants or any other utilities or grant permits to any public utility company to maintain their utilities in any part of Pleasant Street which has been discontinued as a public way in the above decree.

In the foregoing description, abutting property is stated as owned by those shown as owners on said plan, but it shall be understood that the reference in each case is to the land shown on said plan as owned

by the person or persons named whoever in fact the owners may be.

For a further identification and a more particular description reference is hereby made to a plan entitled "Amendment to Decree No. 1241. Plan of Pleasant Street in the Town of Bridgewater" as laid out by the County Commissioners under request of the Massachusetts Department of Public Works, drawn on a scale of forty (40.00) feet to an inch by Lewis W. Trees on the areas taken are not to be cut by the owners, but such trees as are designated by the County Commissioners will be cut into suitable lengths and deposited on other land of the owners by the contractor. If walls and fences are moved, the work will be done under construction without expense to owners. Owners of land taken as aforesaid are required to remove their buildings and other obstructions from the lands so taken within thirty days from the date of entry for construction.

The inhabitants of the town of Bridgewater aforesaid, are hereby ordered to cause said highway to be constructed as aforesaid, made safe and convenient for the public travel, and to the acceptance of the County Commissioners before the twenty-first day of July A. D. 1966.

The sums hereinafter named are awarded to the persons and corporations over whose lands easements are taken for said highway or who suffer damages on account thereof, to be paid from the Town Treasury as soon as said town shall enter upon and take possession of said lands for the purpose of construction, to wit:

No. 1318
RETURN OF
LOCATION
PART OF TREMONT
STREET, CARVER
August 25, 1964

On the petition of the Selectmen of Carver presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the sixteenth day of October in the year of our Lord nineteen hundred and sixty-two, representing that part of the highway in said town known as Tremont Street between Plymouth Town Line and the intersection with Seipet Street is narrow, crooked and inconvenient for use and in need of specific repair, locating anew, or relocation, and the intersections of said highway with connecting streets are dangerous for public travel, reference being had to the petition filed of record in the case.

The County Commissioners, pursuant to an order of notice duly published, posted and served, by which all persons and corporations interested had due notice thereof, met to view the premises at the County Commissioners' Office in Plymouth in said County on the sixteenth day of August A. D. 1963, at three o'clock in the afternoon, and after viewing the premises and hearing all persons and corporations who desired to be heard, the said hearing was continued and adjourned for further consideration, from time to time, all persons and corporations interested having due notice thereof, to a meeting of the County Commissioners, held at their office in Plymouth on the eighteenth day of February A. D. 1964, when and where they adjudicate and determine that common convenience and necessity require that the prayer of said petition be granted.

And upon the adjudication aforesaid, the said Commissioners appointed the sixth day of March A. D. 1964, and two o'clock in the afternoon, at the County Commissioners' Office, in Plymouth in said County as the time and place when and where they would proceed to further view the premises, and make such order in relation to said adjudication as by law they might be authorized to do.

And having given notice of such adjudication, and of the time and place appointed for the purposes aforesaid, in the same manner as the notice and publication were given and made before first proceeding to view (except by publishing an abstract of said petition instead of a copy thereof), the said Commissioners met at the time and place appointed and then and there heard all persons and corporations interested, and said hearing was thence adjourned and continued from time to time to the meeting of the County Commissioners held at their office in Plymouth on the twenty-fifth day of August A. D. 1964, when and where they proceed to complete said proceedings and make return thereof as follows, to wit:-

CLAPP ROAD,
ROCHESTER

September 8, 1964

On the petition of the Selectmen of Rochester presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the twenty-sixth day of February in the year of our Lord nineteen hundred and sixty-three, representing that the highway in said town known as Clapp Road between Mendall Road and Mary's Pond Road is narrow crooked and inconvenient for use and in need of specific repair, locating anew or relocation, and the intersections of said highway with connecting streets are dangerous for public travel, reference being had to the petition filed of record in the case.

The County Commissioners, pursuant to an order of notice duly published, posted and served, by which all persons and corporations interested had due notice thereof, met to view the premises at the County Commissioners' Office in Plymouth in said County on the fourth day of October A. D. 1963, at 1:30 o'clock in the afternoon, and after viewing the premises and hearing all persons and corporations who desired to be heard, the said hearing was continued and adjourned for further consideration, from time to time, all persons and corporations interested having due notice thereof, to a meeting of the County Commissioners, held at their office in Plymouth on the fourth day of August A. D. 1964, when and where they adjudicate and determine that common convenience and necessity require that the prayer of said petition be granted.

And upon the adjudication aforesaid, the said Commissioners appointed the twenty-fifth day of August A. D. 1964, and 2:00 o'clock in the afternoon, at County Commissioners' Office, in Plymouth in said County as the time and place when and where they would proceed to further view the premises, and make such order in relation to said adjudication as by law they might be authorized to do.

And having given notice of such adjudication, and of the time and place appointed for the purposes aforesaid, in the same manner as the notice and publication were given and made before first proceeding to view (except by publishing an abstract of said petition instead of a copy thereof), the said Commissioners met at the time and place appointed and then and there heard all persons and corporations interested, and said hearing was thence adjourned and continued from time to time to the meeting of the County Commissioners held at their office in Plymouth on the eighth day of September A. D. 1964, when and where they proceed to complete said proceedings and make return thereof as follows, to wit:-

Said bound bears south $28^{\circ} 28' 35''$ west and is one hundred twenty-one and nine hundred seventy-five thousandths (121.975) feet distant from the last-described bound in the above-described northerly line.

And the easement over all the land lying between the above-described lines is hereby taken and laid out for highway purposes.

Where necessary to obtain a slope of two feet horizontal to one foot vertical, the Commissioners reserve the right to slope bank on abutting private property.

Said road where side lines are parallel shall be forty (40.00)

feet in width.

Said street when constructed shall be constructed on the center line of the above-described layout and the grade of the center of said highway shall be such as to make the way safe and convenient for public travel and shall be to the satisfaction of the County Commissioners.

All of that part of the old highway lying outside the above-described lines shall be discontinued as a public highway when the new roadway has been constructed within the limits of the above-described lines to the satisfaction of the County Commissioners.

In the foregoing description, abutting property is stated as owned by those shown as owners on said plan, but it shall be understood that the reference in each case is to the land shown on said plan as owned by the person or persons named whoever in fact the owners may be.

For a further identification and a more particular description reference is hereby made to a plan entitled "Decree No. 1324. Plan of Clapp Road in the Town of Rochester" as laid out by the County Commissioners under petition of the Selectmen filed February 26, 1963, drawn on a scale of forty (40.00) feet to an inch by Lewis W. Perkins, Consulting Engineer, herewith filed and made a part of this decree.

The grade of the center of the above-described highway when fully completed in accordance with this decree is to conform to the grade of the said highway as at present constructed. Trees on the areas taken are not to be cut by the owners, but such trees as are designated by the County Commissioners will be cut into suitable lengths and deposited on other land of the owners by the contractor. If walls and fences are moved, the work will be done under construction without expense to owners. Owners of land taken as aforesaid are required to remove their buildings and other obstructions from the lands so taken within thirty days from the date of entry for construction.

The inhabitants of the town of Rochester aforesaid, are hereby ordered to cause said highway to be constructed as aforesaid, made safe and convenient for the public travel, and to make the acceptance of the County Commissioners before the eighth day of September A. D. 1966.

The sums hereinafter named are awarded to the persons and

ROAD, NORWELLOctober 27, 1964

On the petition of the Selectmen of Norwell presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the eleventh day of February in the year of our Lord nineteen hundred and sixty-four representing that the bridge in said town known as East Street Bridge located on East Street, Hanover between the Town of Norwell and the Town of Hanover and approaches thereto on Tiffany Road, Norwell is narrow, crooked and inconvenient for use and in need of specific repair, locating anew, or relocation, and the intersections of said highway with connecting streets are dangerous for public travel, reference being had to the petition filed of record in the case.

The County Commissioners, pursuant to an order of notice duly published, posted and served, by which all persons and corporations interested had due notice thereof, met to view the premises at the County Commissioners' Office in said County on the eighth day of May A. D. 1964, at 1:30 o'clock in the afternoon, and after viewing the premises and hearing all persons and corporations who desired to be heard, they adjudicate and determine that common convenience and necessity require that the prayer of said petition be granted as hereafter set forth; no person or corporation then or at any other time objecting thereto.

And they continue and adjourn said proceedings from time to time for further consideration and to make return thereof, all persons and corporations interested having due notice thereof to a meeting of the County Commissioners held at their office in Plymouth on the twenty-seventh day of October A. D. 1964, when and where they proceed to complete said proceedings and make return thereof as follows, to wit:-

On the petition of the Selectmen of Hanover presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the eleventh day of February in the year of our Lord nineteen hundred and sixty-four representing that the bridge in said town known as East Street Bridge, between the Town of Hanover and the Town of Norwell, and approaches thereto on East Street, Hanover is narrow, crooked and inconvenient for use and in need of specific repair, locating anew, or relocation, and the intersections of said highway with connecting streets are dangerous for public travel, reference being had to the petition filed of record in the case.

The County Commissioners, pursuant to an order of notice duly published, posted and served, by which all persons and corporations interested had due notice thereof, met to view the premises at the County Commissioners' Office in said County on the eighth day of May A. D. 1964, at 1:30 o'clock in the afternoon, and after viewing the premises and hearing all persons and corporations who desired to be heard, they adjudicate and determine that common convenience and necessity require that the prayer of said petition be granted as hereafter set forth; no person or corporation then or at any other time objecting thereto.

And they continue and adjourn said proceedings from time to time for further consideration and to make return thereof, all persons and corporations interested having due notice thereof to a meeting of the County Commissioners held at their office in Plymouth on the twenty-seventh day of October A. D. 1964, when and where they proceed to complete said proceedings and make return thereof as follows, to wit:-

REGULATIONS
FOR THE
OPERATION OF
THE PLYMOUTH
COUNTY PATROL
PLANE

November 17, 1964

Voted to approve and adopt the following regulations for the operation of the Plymouth County Patrol Plane:

REGULATIONS FOR THE OPERATION OF
THE PLYMOUTH COUNTY PATROL PLANE

The County Patrol Plane is provided to aid and expedite the work of fire prevention via air patrol, forest fire fighting, and any allied functions relating to fire in Plymouth County and incidents associated with public safety therefrom. In conjunction with mutual-aid embracing another county or at such times as requests are made to the Fire Services Committee from the state director of civil defense, the Fire Services Committee may authorize the plane for such use.

1. The Fire Services Committee shall determine annually that:
 - a. The insurance contracts (Aircraft Hull & Liability Policies) are proper and in force.
 - b. All radio equipment is properly operating and licensed.
 - c. Aircraft Registration Application, Low Flight Waiver, and Airworthiness Certificate are on file and properly filed and posted.
 - d. That the list of qualified pilots and changes thereto are on file with the insuring company, the Fire Services Committee and the County Commissioners.
2. "ONLY those pilots", holding valid and effective Commercial Pilots Certificates with proper ratings as required by the Federal Aviation Agency for flights involved shall fly this plane.
3. The fire chief or warden of any town or city in Plymouth County, in consideration of pilot availability, requesting the plane shall have it dispatched to his community automatically. Prior consideration shall be given to that community which has the plane employed upon receipt of such request. While working in this manner in one community, and a request is made for the plane to go to another, the requesting chief or warden may ask the chief presently using the plane to release it as soon as he can. In consideration of the problems which can be encountered, all chiefs or wardens are urged to cooperate and weigh the fire situations encountered and arrange for the plane to be released as soon as possible to report to that person requesting its use.
4. To facilitate communications with the plane and airport and to maintain a degree of control all chiefs or wardens are instructed to contact the Plymouth Fire Department, KCA 585, for arrangements while the plane is on the ground or hangered at the airport. At such times as the plane is in flight and assigned to another community all requests shall be made to that Chief or Warden for the subsequent use of the plane.
5. In consideration of the need and the work to be performed by the plane and an observer is necessary, any chief or warden of the area being worked may assign a man of his department possessing the required knowledge to such position. Otherwise the pilot himself, an associate pilot, or other approved observer carried on the airport payroll may be assigned.
6. All other authorization for the use of the plane or authorization for any other person or persons to fly or to be flown in the Plymouth County Patrol Plane shall be secured from the Plymouth County Fire Services Committee. This statement is not to be construed as indication implying flights for any individuals, but to provide only for unforeseen circumstances which may occur.

7. Where the words "approve" or "authorization" are used, such wording indicates approval or authorization resulting from a majority vote of the Fire Services Committee.

VOTE

February 2, 1965

Voted to enter on the records the following report of an inspection of the House of Correction and Jail in Plymouth:

"In accordance with Chapter 126, Section 1 of the General Laws, the regular inspection of the House of Correction and Jail was made on Tuesday, January 26, 1965, by the County Commissioners.

"Commissioners MacDonald and Ridder joined members of the staff for dinner. The institution was orderly, neat and clean.

"It was noted that windows and casements, cement steps and driveway are still badly in need of repair.

"The homes on the premises of the institution are now equipped with aluminum combination doors and windows. There is a new silo, empty at present because of the short crop. The new station wagon for the Sheriff was delivered on this day.

"Plans for additions and alterations to the institution are completed and specifications for additions and alterations are being drawn up.

"Since the last inspection March 24, 1964, there have been one thousand four hundred sixty-four (1,464) commitments; eight hundred ten (810) to the House of Correction and six hundred fifty-four (654) to the Jail. No deaths have occurred in the institution during this time.

"The total number in this institution this day, January 26, 1965, was one hundred twenty-five (125); one hundred sixteen (116) men and nine (9) women: ninety-one (91) men and six (6) women in the House of Correction and twenty-five (25) men and three (3) women in the Jail. There were no lock-ups for disobedience.

"The following is a record of good time deductions:

5-12-64	Verne Carlson	-60 days restored
12-2-64	Anthony Arruda	-10 days revoked
1-14-65	Warren Small	-10 days revoked

Whereas, when attempts were made to connect with the old main sewer line at the House of Correction and Jail, in Plymouth, it was found that the pipe had disintegrated and whereas similar conditions are anticipated in at least two other sewer lines and whereas this hazardous condition is an emergency and a health menance which should be corrected immediately, therefore

It is Voted, without advertising, that J. Williams Beal Sons, Granger & Poskus be authorized to proceed with this work at once on a labor and material basis and said work to be done under their constant supervision by Edward Goverman, Contractor, all in the best interests of the County of Plymouth.

May 10, 1966

On the petition of the Selectmen of Halifax presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the twenty-third day of March in the year of our Lord nineteen hundred sixty-five representing that part of the highway in said town known as Plymouth Street, Route 106, between a point 200 feet east of Thompson Street intersection and a point 1,000 feet west of Carver Street westerly to the East Bridgewater Town Line, is narrow, crooked and inconvenient for use and in need of specific repair, locating anew, or relocation, and the intersections of said highway with connecting streets are dangerous for public travel, reference being had to the petition filed of record in the case.

The County Commissioners, pursuant to an order of notice duly published, posted and served, by which all persons and corporations interested had due notice thereof, met to view the premises at the Halifax Elementary School, Halifax in said County on the fourteenth day of April A. D. 1965, at eight o'clock in the evening and after viewing the premises and hearing all persons and corporations who desired to be heard, they adjudicate and determine that common convenience and necessity require that the prayer of said petition be granted as hereafter set forth; no person or corporation then or at any other time objecting thereto.

And they continue and adjourn said proceedings from time to time for further consideration and to make return thereof, all persons and corporations interested having due notice thereof to a meeting of

the County Commissioners held at their office in Plymouth on the tenth day of May A. D. 1966, when and where they proceed to complete said proceedings and make return thereof as follows, to wit:-

RETURN OF
LOCATION

CENTER STREET,
BRIDGEWATER

September 13, 1966

On the petition of the Selectmen of the Town of Bridgewater presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the fifteenth day of September in the year of our Lord nineteen hundred sixty-four representing that the highway in said town known as Center Street between Main Street (Route 28) and Pleasant Street (Route 104) is narrow, crooked and inconvenient for use and in need of specific repair, locating anew, or relocation, and the intersections of said highway with connecting streets are dangerous for public travel, reference being had to the petition filed of record in the case.

The County Commissioners, pursuant to an order of notice duly published, posted and served, by which all persons and corporations

interested had due notice thereof, met to view the premises at the County Commissioners' Office, in Plymouth in said County on the ninth day of July A. D. 1965, at 2:00 o'clock in the afternoon, and after viewing the premises and hearing all persons and corporations who desired to be heard, they adjudicate and determine that common convenience and necessity require that the prayer of said petition be granted as hereafter set forth; no person or corporation then or at any other time objecting thereto.

And they continue and adjourn said proceedings from time to time for further consideration and to make return thereof, all persons and corporations interested having due notice thereof to a meeting of the County Commissioners held at their office in Plymouth on the thirteenth day of September A. D. 1966, when and where they proceed to complete said proceedings and make return thereof as follows to wit:-

RETURN OF
LOCATION

COUNTY ROAD,
HANSON

October 4, 1966

On the petition of the Selectmen of Hanson presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the seventeenth day of November in the year of our Lord nineteen hundred sixty-four, representing that the highway in said town known as County Road between Liberty Street, High Street corner and West Washington Holmes Street corner is narrow, and inconvenient for use and in need of specific repair, locating anew, and the intersections of said highway with connecting streets are dangerous for public travel, reference being had to the petition filed of record in the case.

The County Commissioners, pursuant to an order of notice duly published, posted and served, by which all persons and corporations interested had due notice thereof, met to view the premises at the County Commissioners' Office, in Plymouth in said County on the sixteenth day of July A. D. 1965, at two o'clock in the afternoon and after viewing the premises and hearing all persons and corporations who desired to be heard, the said hearing was continued and adjourned for further consideration, from time to time, all persons and corporations interested having due notice thereof, to a meeting of the County Commissioners, held at their office in Plymouth on the twenty-seventh day of July A. D. 1965, when and where they adjudicate and determine that common convenience and necessity require that the prayer of said petition be granted.

And upon the adjudication aforesaid, the said Commissioners appointed the twentieth day of August A. D. 1965, and three o'clock in the afternoon, at the County Commissioners' Office, in Plymouth in said County as the time and place when and where they would proceed to further view the premises, and make such order in relation to said adjudication as by law they might be authorized to do.

And having given notice of such adjudication, and of the time and place appointed for the purposes aforesaid, in the same manner as the notice and publication were given and made before first proceeding to view (except by publishing an abstract of said petition instead of a copy thereof), the said Commissioners met at the time and place appointed and then and there heard all persons and corporations interested, and said hearing was thence adjourned and continued from time to time to the meeting of the County Commissioners held at their office in Plymouth on the fourth day of October A. D. 1966, when and where they proceed to complete said proceedings and make return thereof as follows, to wit:-

On the petition of the Selectmen of the Town of Hull presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the twentieth day of September in the year of our Lord nineteen hundred sixty-six representing that part of the highway in said town known as Nantasket Road, from Nantasket Avenue to Clifton Avenue, a distance of approximately 3/4 of a mile, is narrow, crooked and inconvenient for use and in need of specific repair, locating anew, or relocation, and the intersections of said highway with connecting streets are dangerous for public travel, reference being had to the petition filed of record in the case.
