ALTERATION IN THE LOCATION OF WOOD STREET AND THE RAILROAD BRIDGE ON WOOD STREET, IN THE TOWN OF MIDDLEBOROUGH, AS LAID OUT BY THE COUNTY COMMISSIONERS UNDER PETITION OF THE SELECTMEN FILED DECEMBER 9, 1966 AND DECREE NO. 1339-B.

At a meeting of the Board of County Commissioners held at Plymouth in and for the County of Plymouth on the second Tuesday of January A. D. 1967, upon petition of the Board of Selectmen of Middleborough filed with the Clerk on December 9, 1966, representing that the public way in the Town of Middleborough, namely, the highway leading from Vaughan Street to Plymouth Street, crosses the tracks of The New York, New Haven and Hartford Railroad near Bridge Street in said Middleborough, and that the petitioners are of the opinion that it is necessary for the security and convenience of the public that an alteration should be made of the bridge at the said crossing and praying that after public notice the Board hear all parties interested and that if it decides that such alteration is necessary shall prescribe the manner and limits within which it shall be made and shall forthwith certify its decision to the parties and to such other boards or officers or commissions or commissioners that may be required by law.

After public notice and view and hearing before said Commissioners at the Commissioners' Office in the Town of Plymouth on January 10, 1967, at which view and hearing there were present representatives of the Town of Middleborough, the Department of Public Works of the Commonwealth, and a letter from The New York, New Haven and Hartford Railroad, it is considered and adjudged by the said Commissioners that the petition ought to be granted and that public security and convenience require certain alterations in the bridge at the crossing mentioned in said petition, and

thereupon said Commissioners prescribe the manner and limits within which said alterations should be made. The foregoing is in accordance with the provisions of Section 59 of Chapter 159 of the General Laws, as amended.

DESCRIPTION OF PROPOSED ALTERATIONS

The present wooden bridge (on Wood Street over The New York, New Haven and Hartford Railroad, State #M-18-20) to be removed and a new bridge with new superstructure to be built at the site of the existing bridge. The new bridge to have a 32 foot pavement and a 6 foot sidewalk on one side and a minimum vertical truck clearance of 18' - 10 1/2". The plan filed herewith is made a part of this decree.

It is necessary to alter the public way as not all the construction will be done within the highway limits as laid out in January, 1888. The proposed highway limits are shown on a plan entitled "Decree No. 1339-A, Plan of Bridge Street and Part of Wood Street in the Town of Middleborough, as laid out by the County Commissioners under petition of the Selectmen filed May 19, 1964, drawn on a scale of forty (40.00) feet to an inch by Vernon M. Ayles, Consulting Engineer, County of Plymouth."

The following conditions are to be a part of this decree as agreed to by the Town of Middleborough and by The New York, New Haven and Hartford Railroad.

1. The Town hereby assumes sole responsibility for the wearing surface of said reconstructed bridge and the sidewalk to be constructed thereon and maintenance of such other portions thereof as required by General Laws (Ter.Ed.) Chapter 159, Section 77.

2. The Railroad will be responsible for all other maintenance of the reconstructed bridge.

3. In the event that the Railroad is permitted by appropriate authority to abandon the line of railroad beneath this bridge, then and in that event, the Town shall assume and pay all future costs for maintaining said bridge.

4. This agreement is made subject to present or future State or Federal Laws and to present or future regulations or orders properly issued by State or Federal regulatory bodies having jurisdiction, and further, the obligations of the Town hereunder are subject to and conditioned upon the necessary appropriations being made by the Town.

See attached agreement.

And said Commissioners order that the foregoing return be filed, accepted and recorded, and that an attested copy thereof be filed in the Registry of Deeds for the County of Plymouth and that two attested copies (one of which shall be filed with the Massachusetts Department of Public Utilities) be transmitted to the Clerk of the Town of Middleborough within the limits of which town said highway and bridge described herein lies, that an attested copy be transmitted to the Department of Public Works for the Commonwealth of Massachusetts, and that an attested copy be transmitted to The New York, New Haven and Hartford Railroad.

In Witness whereof, we hereunto set our hands and the seal of said County of Plymouth this ninth day of May in the year of our Lord nineteen hundred sixty-seven.

Witnesseth That

WHEREAS the Town desires to increase the posted load capacity of the bridge presently carrying Wood Street over the Railroad's track from an existing 12-ton limit to a proposed 20-ton limit by method of reconstruction from present wood-type structure, for the benefit of vehicular traffic on said Street; and

WHEREAS the Railroad presently maintains said bridge in its entirety, NOW, THEREFORE, in consideration of the mutual agreements hereinafter set forth, it is agreed as follows:

- 1. The Town hereby assumes sole responsibility for the wearing surface of said reconstructed bridge and the sidewalk to be constructed thereon and maintenance of such other portions thereof as required by

General Laws (Ter.Ed.) Chapter 159, Section 77.

ADDENDUM NO. 1

REGULATIONS FOR THE OPERATION OF  
THE PLYMOUTH COUNTY PATROL PLANE

May 1, 1967

During a meeting of the Plymouth County Fire Services Committee with all Fire Chiefs and Wardens present, on April 21, 1967, the following resolution was adopted, as relates to the County Patrol Plane; said resolution to be attached to the existing regulations voted and approved by the County Commissioners, dated November 17, 1964, on file with the Fire Services Committee and the County Commission Office:

During periods of fire danger when the index reaches a class four day and weather conditions require, standby pilot arrangements shall be established at the airport by the manager or the assistant manager acting in his stead at twelve o'clock noon. The pilot shall be prepared to fly patrol upon notification from any Fire Chief or Warden in Plymouth County. Standby is to cease as the weather pattern changes each day, even though initially the day was announced as a class four day. As long as these prevailing weather conditions continue,

this arrangement shall be provided, until the next day falls below class four.

When the burning index reaches a class five day, pilot standby shall commence at 10:00 A.M. and he shall then fly on patrol from 1:00 P.M. until the weather conditions indicate patrol may cease or until 5:00 P.M., whichever occurs first.

As long as this weather pattern continues, this arrangement shall be provided daily by the manager without need to contact any Chief or Warden.

Whenever the weather situation changes and falls below a class four day, no continuity of standby or flight will be necessary until the day once more reaches a class four day as above.

Nothing in this arrangement will alter the other rules or usage of this plane as previously established within the regulations of the plane.

ADDENDUM NO. 2

REGULATIONS FOR THE OPERATION OF THE PLYMOUTH COUNTY PATROL PLANE

May 1, 1967

During times of the year when the County is concerned with the fire index and possible fires in the open, the County Radio at the airport (KCA-429) is to be kept in the "on" service condition.

This facilitates contact directly by all towns concerned and provides contact with the plane and its use at all times. Experience has proven that in terms of maintenance this is the least costly and best operation.

No. 1350

RETURN OF LOCATION

PART OF VAUGHAN STREET, LAKEVILLE

June 25, 1968

On the petition of the Selectmen of Lakeville presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the eighth day of June in the year of our Lord nineteen hundred sixty-five representing that the highway in said town known as part of Vaughan Street, between Clear Pond Road and Rhode Island Road is narrow, crooked and inconvenient for use and in need of specific repair, locating anew, or relocation, and the intersections of said highway with connecting streets are dangerous for public travel, reference being had to the petition filed of record in the case.

The County Commissioners, pursuant to an order of notice duly published, posted and served, by which all persons and corporations interested had due notice thereof, met to view the premises at the County Commissioners' Office, in Plymouth, in said County on the twenty-second day of November A. D. 1967, at 3:00 o'clock in the afternoon, and after viewing the premises and hearing all persons and corporations who desired to be heard, they adjudicate and determine that common convenience and necessity require that the prayer of said petition be granted as hereafter set forth; no person or corporation then or at any other time objecting thereto.

And they continue and adjourn said proceedings from time to time for further consideration and to make return thereof, to a meeting of the County Commissioners held at their office in Plymouth on the twenty-fifth day of June A. D. 1968, when and where they proceed to complete said proceedings and make return thereof as follows, to wit:-

KINGSTONJuly 2, 1968

On the petition of the Selectmen of the Town of Kingston presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the fourth day of October in the year of our Lord nineteen hundred and sixty-six representing that the highway in said town known as Pine Street between Winter Street and the Duxbury Town Line is narrow, crooked and inconvenient for use and in need of specific repair, locating anew, or relocation, and the intersections of said highway with connecting streets are dangerous for public travel, reference being had to the petition filed of record in the case.

The County Commissioners pursuant to an order of notice duly published, posted and served, by which all persons and corporations interested had due notice thereof, met to view the premises at the County Commissioners' Office, in Plymouth, in said County on the fifteenth day of August A. D. 1967, at 2:30 o'clock in the afternoon, and after viewing the premises and hearing all persons and corporations who desired to be heard, they adjudicate and determine that common convenience and necessity require that the prayer of said petition be granted as hereafter set forth; no person or corporation then or at any other time objecting thereto.

And they continue and adjourn said proceedings from time to time for further consideration and to make return thereof, to a meeting of the County Commissioners held at their office in Plymouth on the second day of July A. D. 1968, when and where they proceed to complete said proceedings and make return thereof as follows, to wit:-

October 15, 1968

On Wednesday, September 18, 1968 the Commissioners for Plymouth County in accordance to the law paid an official visit to the House of Correction and Jail for the purpose of making an annual inspection.

A rigid inspection was conducted of the House of Correction and Jail as well as the outside buildings and grounds. We regret to report that we were amazed at the deplorable condition of not only the House of Correction but also of the buildings and grounds. In the opinion of the Commissioners this shows a laxity on the part of the Sheriff in not seeing to it that the guards kept the buildings and grounds in proper condition.

To be more specific in our report we found the following amongst other faults that should be corrected:

1. On entering the grounds we noted that the sign "Drive Slowly" is on an angle and has been in this condition for months. This gives a bad impression to the average person on visiting the House of Correction and Jail.
2. We found on inspection of the different offices in the House of Correction that cartons of supplies were stored in the corners of the room which tended to make the office appear messy and cluttered. There are other places in the House of Correction where these supplies could and should be stored.
3. In the Cell Wards we noted that heating pipes were dirty and badly in need of painting. We noted radiators that had not been painted for years and around and under these radiators was an accumulation of dust, cobwebs and dirt (including cigarette butts.) More disgusting was the fact that the floors were dirty. The most amazing revelation was the sight of the empty cells which were filthy, the urinals and flushes had

INSPECTION OF

not been cleaned for some time. It is our observation that for a prisoner to be sentenced to go into these cells it would be in order for said prisoner to refuse to enter until these cells had been cleaned out.

4. Upon inspection of the room adjacent to the boiler room we found it to be in a very dirty condition and in our opinion it had not been cleaned in months. The boiler room was also dirty with the washstand needing to be cleaned, there were cartons, cans, brushes and a conglomeration of other debris under the benches.

5. In the House of Correction we found the kitchen to be in fairly good condition but we noted that the toilets adjacent to the kitchen were very dirty. Upon questioning the Sheriff concerning the medical examinations of the inmate help, we were informed that this was taken care of, but at this writing no such medical reports have been received by the Board. Upon further questioning concerning the T. B. X-Ray of inmate and other kitchen help we were informed that nothing had been done along this line. We informed the Sheriff that this was very important and that it could be taken care of at the Plymouth County Hospital in Hanson. In the Dining Hall, adjacent to the kitchen, we notes that the light globes were full of dead flies and other insects which was proof that they had not been cleaned for some time. This brought to our attention that there are no screens on the windows in the Dining Hall or kitchen.

6. The outside inspection of the grounds and buildings showed a laxity in the proper care and upkeep particularly as to paint on the woodwork and broken glass windows that should be fixed. In the field we noted that the old vegetable storage house (not used for years) was in a state of disrepair with trees growing up through the roof. In looking from this point to the building around the cow barn we noted farm machinery and other farm implements cast aside that had not been used for many years. As we looked this situation over we were reminded of a perfect setting for a T. V. Show of a deserted Western town. The Commissioners suggest that this unused machinery together with the other debris in this area should be cleaned up at once. The good farm machinery that is now out in the open should be taken care of before the winter weather sets in.

We inspected the new cow barn and we are pleased to say that we found this building the cleanest and best kept of all buildings including the House of Correction.

We recommend that all buildings should have a general cleanup, particularly the garage and boiler room adjacent to the garage,

We could continue on with more findings but at the moment this is sufficient. We urge that the Sheriff start work immediately to cleanup these conditions and to bring the House of Correction and Jail buildings and grounds up to their proper conditions as befits a County Institution of this nature.

We wish to inform you that at a later date another inspection will be made by the Commissioners along with a Committee of five (5) disinterested people to inspect the buildings and grounds.

Since the last inspection on July 5, 1967, there have been two thousand and eighty-one (2,081) commitments; nine hundred and forty (940) to the House of Correction and one thousand, one hundred and forty-one (1,141) to the Jail. No deaths have occurred in the institution during this time.

The total number in the institution on this day, September 18, 1968, was one hundred and fifteen (115); one hundred and three (103) men and twelve (12) women. Of the one hundred and three men, sixty-nine were serving sentences, two were serving in the Jail and thirty-two were awaiting trail. Of the twelve women, three were serving sentences and nine were awaiting trail.

RETURN OF  
LOCATIONPART OF SEIPET  
STREET,  
CARVER

Nov. 5, 1968

On the petition of the Selectmen of the Town of Carver presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the twentieth day of December in the year of our Lord nineteen hundred and sixty-six representing that the highway in said town known as Seipet Street between Lakeview Street and Tremont Street is narrow, crooked and inconvenient for use and in need of specific repair, locating anew, or relocation, and the intersections of said highway with connecting streets are dangerous for public travel, reference being had to the petition filed of record in the case.

The County Commissioners, pursuant to an order of notice duly published, posted and served, by which all persons and corporations interested had due notice thereof, met to view the premises at the County Commissioners' Office, in Plymouth, in said County on the twentieth day of February A. D. 1968, at 3:30 o'clock in the afternoon, and after viewing the premises and hearing all persons and corporations who desired to be heard, they adjudicate and determine that common convenience and necessity require that the prayer of said petition be granted as hereafter set forth; no person or corporation then or at any other time objecting thereto.

And they continue and adjourn said proceedings from time to time for further consideration and to make return thereof, to a meeting of the County Commissioners held at their office in Plymouth on the fifth day of November A. D. 1968, when and where they proceed to complete said proceedings and make return thereof as follows, to wit:

DESCRIPTION OF THE LINES OF PART OF SEIPET STREET  
BETWEEN LAKEVIEW STREET AND TREMONT STREET, IN THE  
TOWN OF CARVER, AS LAID OUT BY THE COUNTY COMMISSIONERS

Said bound bears south 58° 51' 21" west (True Meridian) and is five (5.00) feet distant from the stone bound marking the southerly terminus of Route 58 (Seipet Street) transferred to the Town of Carver February 9, 1966. No. 1358

RETURN OF  
LOCATION

SUMMER STREET,  
ABINGTON

Dec. 10, 1968

On the petition of the Selectmen of the Town of Abington presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the sixteenth day of November in the year of our Lord nineteen hundred and sixty-five, representing that the highway in said town known as Summer Street between Route 18 and the Rockland Town Line is narrow, crooked and inconvenient for use and in need of specific repair, locating anew, or relocation, and the intersections of said highway with connecting streets are dangerous for public travel, reference being had to the petition filed of record in the case.

The County Commissioners, pursuant to an order of notice duly published, posted and served, by which all persons and corporations interested had due notice thereof, met to view the premises at the County Commissioners' Office in Plymouth in said County on the twenty-eighth day of June A. D. 1966, at two o'clock in the afternoon, and after viewing the premises and hearing all persons and corporations who desired to be heard, the said hearing was continued and adjourned for further consideration from time to time, all persons and corporations interested having due notice thereof, to a meeting of the County Commissioners, held at their office in Plymouth on the fifth day of July A. D. 1966, when and where they adjudicate and determine that common convenience and necessity require that the prayer of said petition be granted.

And upon the adjudication aforesaid, the said Commissioners appointed the twenty-sixth day of July A. D. 1966 and two o'clock in the

afternoon, at County Commissioners' Office in Plymouth in said County as the time and place when and where they would proceed to further view the premises, and make such order in relation to said adjudication as by law they might be authorized to do.

And having given notice of such adjudication, and of the time and place appointed for the purposes aforesaid, in the same manner as the notice and publication were given and made before first proceeding to view (except by publishing an abstract of said petition instead of a copy thereof), the said Commissioners met at the time and place appointed and then and there heard all persons and corporations interested, and said hearing was thence adjourned and continued from time to time to the meeting of the County Commissioners held at their office in Plymouth on the tenth day of December A.D. 1968, when and where they proceed to complete said proceedings and make return thereof as follows, to wit:-

Voted to enter on the records the following report of an inspection of the House of Correction and Jail in Plymouth.

"In accordance with Chapter 126, Section 1 of the General Laws, the regular inspection of the House of Correction and Jail was made on Tuesday, April 22, 1969, by the County Commissioners.

There is still painting to be done on metal over the front doorway in order to effect completion of the construction project.

The Commissioners noted that there had been a lot of painting done in the old section of the Jail and that additional painting was being planned on a systematic program for the future.

Screens are still needed on the windows in the kitchen and they need ten screens for the men's dining room, four screens for the women's dining room, and six screens for the women's laundry room. It was suggested that wooden ones be made on the premises.

In the women's section when water is used on the floor or is splashed around the shower, it seeps down thru to the ceiling below, even filling the light fixtures. There are many cracks in the cement floor. Evidently no sealer was put on the concrete but it has been painted a gray color and it was felt that this situation should be corrected before the construction project is accepted by the County.

The Commissioners discussed the building of a cement curb underneath the fence and inspected indentations on the corners of the building which more or less form a ladder for anyone wishing to climb out.

The Sheriff showed us where he had installed clasps and locks, in place of a Yale lock, on the outside door of the library, which leads

to the roof. New shelves are being installed gradually with lumber donated to the institution.

The infirmary seems to be more fully prepared to be used as such. There was one occupant.

The tile in the rotunda is badly in need of painting, but because of the height involved, it presents a problem in staging in order to reach the area to paint.

It was agreed that the back door is inadequate but provision has been requested in our 1969 budget to remedy this situation.

One of the biggest problems for the institution is a good supply of water. The Sheriff requested that some thought be given toward driving a new well. Years ago there was a well which suddenly went dry, perhaps due to a shift in the earth underground. He feels the water must be there - it is a question of finding it and the expense involved.

Since September 18, 1968, there have been one thousand seventeen (1,017) commitments; four hundred one (401) to the House of Correction and six hundred sixteen (616) to the Jail. No deaths have occurred in the institution during this time.

The total number in this institution this day, April 22, 1969, was one hundred sixteen (116); one hundred and twelve (112) men and four (4) women, seventy-nine (79) men and three (3) women in the House of Correction, a total of eighty-two (82) serving sentences. Two (2) men were serving in Jail. Thirty-one (31) men and one (1) woman were awaiting trial. There were no lock-ups.

On the petition of the Selectmen of the Town of Abington presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the twentieth day of February in the year of our Lord nineteen hundred and sixty-eight representing that the highway in said town known as part of North Quincy Street between East Ashland Street, Brockton and the Holbrook line is narrow, crooked and inconvenient for use and in need of specific repair, locating anew, or relocation, and the intersections of said highway with connecting streets are dangerous for public travel, reference being had to the petition filed of record in the case.

The County Commissioners, pursuant to an order of notice duly published, posted and served, by which all persons and corporations interested had due notice thereof, met to view the premises at the County Commissioners' Office, in Plymouth, in said County on the seventh day of May A. D. 1968, at 3:00 o'clock in the afternoon, and after viewing the premises and hearing all persons and corporations who desired to be heard, they adjudicate and determine that common convenience and necessity require that the prayer of said petition be granted as hereafter

No. 1430

ORDER ON  
LAKEVILLE TOWN  
TREASURY  
REIMBURSEMENT TO  
COUNTY TREASURY  
PART OF  
HIGHLAND ROAD  
 August 19, 1969

On the petition of the Selectmen of the Town of Lakeville presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the twenty-ninth day of April in the year of our Lord nineteen hundred and sixty-nine representing that the highway in said town known as Highland Road between 940' more or less west from Bedford Street and thence northeast 540' is narrow, crooked and inconvenient for use and in need of specific repair, locating anew, or re-location, and the intersections of said highway with connecting streets are dangerous for public travel, reference being had to the petition filed of record in the case.

The County Commissioners, pursuant to an order of notice duly published, posted and served, by which all persons and corporations interested had due notice thereof, met to view the premises at the County Commissioners' Office, in Plymouth, in said County on the tenth day of June A. D. 1969, at 2:30 o'clock in the afternoon, and after viewing the premises and hearing all persons and corporations who desired to be heard, they adjudicate and determine that common convenience and necessity require that the prayer of said petition be granted as hereafter set forth; no persons or corporation then or at any other time objecting thereto.

And they continue and adjourn said proceedings from time to time for further consideration and to make return thereof, to a meeting of the County Commissioners held at their office in Plymouth on the nineteenth day of August A. D. 1969, when and where they proceed to complete said proceedings and make return thereof as follows, to wit:

DESCRIPTION OF THE LINES OF PART OF HIGHLAND ROAD IN THE TOWN OF LAKEVILLE, BETWEEN 940' MORE OR LESS WEST FROM BEDFORD STREET AND THENCE NORTHEAST 540' AS LAID OUT BY THE COUNTY COMMISSIONERS UNDER PETITION OF THE SELECTMEN FILED APRIL 29, 1969, AND DECREE NO. 1430.

**Southerly Line:**

The Southerly line (side line) of part of Highland Road begins at a county bound about nine hundred (900.00) feet west of Bedford Street at land of the City of Taunton. Said bound bears north 42° 08' 20" east (True Meridian) and is sixty-seven and thirty-nine hundredths (67.39) feet distant from a county bound marking the easterly end of a curve of a radius of one thousand five hundred (1500.00) feet and set under Decree No. 707. The southerly line of Highland Road thence runs on a curve starting northeasterly and curving more easterly of a radius

of nine hundred seventy-seven and fifty hundredths (977.50) feet through said land of the City of Taunton three hundred ninety and fifty-three hundredths (390.53) feet to a county bound marking a point of compound curve; thence running on a curve to the right of a radius of four hundred (400.00) feet through said land of the City of Taunton one hundred sixteen and fourteen hundredths (116.14) feet to a county bound marking a point of compound curve and the end of this layout and being one hundred thirty-three and three hundredths (133.03) feet westerly, on a curve of a radius of five hundred (500.00) feet, from a county bound marking the easterly end of said five hundred (500.00) foot radius curve and set under Decree No. 707.

And the easement over all the land lying between the above-described line and the present southeasterly side line of Highland Road is hereby taken and laid out for highway purposes.

Where necessary, the Commissioners reserve the right to slope for grading purposes on abutting private property.

Said road where side lines are parallel shall be fifty (50.00) feet in width.

In the foregoing description, abutting property is stated as owned by those shown as owners on said plan, but it shall be understood that the reference in each case is to the land shown on said plan as owned by the person or persons named whoever in fact the owners may be.

Owners of land taken as aforesaid are required to remove their buildings and other obstructions from the lands so taken within thirty days from the date of Decree.

The inhabitants of the Town of Lakeville aforesaid, are hereby ordered to cause said highway to be constructed as aforesaid, made safe and convenient for the public travel, and to the acceptance of the County Commissioners before the nineteenth day of August A. D. 1971.

The sums hereinafter named are awarded to the persons and corporations over whose lands easements are taken for said highway or who suffer damages on account thereof, to be paid from the County Treasury of the County of Plymouth upon the recording of this taking in the Plymouth County Registry of Deeds, to wit:

<u>Parcel No.</u>	<u>Supposed Owner</u>	<u>Sq.Ft. Taken</u>	<u>Sq.Ft. Discontinued</u>	<u>Award</u>
1	City of Taunton	2,321	---	\$5.00

All names of owners herein given, although supposed to be correct are such only as matters of opinion and belief.

And said Commissioners order that the foregoing return be filed, accepted and recorded, and that an attested copy thereof be filed in the Registry of Deeds for the County of Plymouth and that an attested copy be transmitted to the Clerk of the Town of Lakeville within the limits of which town said highway described herein lies, and that an attested copy be transmitted to the Department of Public Works for the Commonwealth of Massachusetts.

In Witness whereof, we hereunto set our hands and the seal of said County of Plymouth this nineteenth day of August in the year of our Lord nineteen hundred and sixty-nine.
