No. 1449

On the petition of the Selectmen of the Town of Duxbury presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the thirtieth day of December in the year of our Lord nineteen hundred and seventy-one, representing that the highway in said Town known as part of Chandler Street (layout of 1957) between Mayflower and Congress Street be re-located to the existing road is narrow, crooked and inconvenient for use and in need of specific repair, locating anew, or relocation, and the intersections of said highway with connecting streets are dangerous for public travel,

reference being had to the petition filed of record in the case.

The County Commissioners, pursuant to an order of notice duly published, posted and served, by which all persons and corporations interested had due notice thereof, met to view the premises at the County Commissioners' office in Plymouth in said County on the sixteenth day of May A. D., 1972, at 2:30 o'clock in the afternoon, and after viewing the premises and hearing all persons and corporations who desired to be heard, the said hearing was continued and adjourned for further consideration, from time to time, all persons and corporations interested having due notice thereof, to a meeting of the County Commissioners, held at their office in Plymouth on the twenty-third day of May A. D., 1972, when and where they adjudicate and determine that common convenience and necessity require that the prayer of said petition be granted.

And upon the adjudication aforesaid, the said Commissioners appointed the twentieth day of June A. D., 1972, and 2:30 o'clock in the afternoon, at County Commissioners' Office in Plymouth in said County as the time and place when and where they would proceed to further view the premises, and make such order in relation to said adjudication as by law they might be authorized to do.

And having given notice of such adjudication, and of the time and place appointed for the purposes aforesaid, in the same manner as the notice and publication were given and made before first proceeding to view (except by publishing an abstract of said petition instead of a copy thereof), the said Commissioners met at the time and place appointed and then and there heard all persons and corporations interested, and said hearing was thence adjourned and continued from time to time to the meeting of the County Commissioners held at their office in Plymouth on the seventeenth day of July A. D., 1973, when and where they proceed to complete said proceedings and make return thereof as follows, to wit:—

No. 1473

On the petition of the Selectmen of the Town of Rockland presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the eighth day of March in the year of our Lord nineteen hundred and seventy-three representing that the highway in said town known as Central Street between Center Avenue and West Water Street is narrow, crooked and inconvenient for use and in need of specific repair, locating anew, or relocation, and the intersections of said highway with connecting streets are dangerous for public travel,

D. 1973, at 2:30 o'clock in the afternoon, and after viewing the premises and hearing all persons and corporations who desired to be heard, they adjudicate and determine that common convenience and necessity require that the prayer of said petition be granted as hereafter set forth; no person or corporation then or at any other time objecting thereto.

And they continue and adjourn said proceedings from time to time for further consideration and to make return thereof, to a meeting of the County Commissioners held at their office in Plymouth on the twentieth day of November A. D. 1973, at 2:00 o'clock in the afternoon, and after viewing the premises and hearing all persons and corporations who desired to be heard, they adjudicate and determine that common convenience and necessity require that the prayer of said petition be granted as hereafter set forth; no person or corporation then or at any other time objecting thereto.

And they continue and adjourn said proceedings from time to time for further consideration and to make return thereof, to a meeting of the County Commissioners held at their office in Plymouth on the eleventh day of December, A. D. 1973, when and where they proceed to complete said proceedings and make return thereof as follows, to wit:-

Without limiting in any way the right, title and interest remaining in the Grantor as a matter of law, the Grantor expressly reserves to herself, her heirs, executors, administrators and assigns the right to make every use of the Easement Parcel which will not unreasonably interfere with the right and easement granted to the Grantee including, without implied limitation thereto, the right to place along and across, and over, upon and under the Easement Parcel roads, streets, walls, fences, sidewalks, passageways, electric light and power lines and conduits, water lines, sewer lines, drains and drainage lines, steam lines, gas lines, telephone poles and telephone lines, and any and all other facilities for utilities, but not including any permanent buildings.

The Grantee further covenants for itself and its successors and assigns that in the event the right and easement herein granted is abandoned, it or they will execute and deliver to the Grantor or her heirs, executors, administrators or assigns, such instruments and take such other action as may be reasonably necessary to free the record and marketable title to the Easement Parcel of any encumbrance arising out of said right and easement.

IN WITNESS WHEREOF the Grantor has hereunto set her hand and seal and the Grantee has caused this instrument to be signed in its name and behalf and its corporate seal to be hereunto affixed by its representatives thereunto duly authorized, this 15<sup>th</sup> day of December, 1973.

Upon petition of the Selectmen of the Town of Carver a decree for a layout of the Intersection of Main Street (Route 58) and Old Main Street in the Town of Carver was issued by the Plymouth County Commissioners under Decree No. 1455 on December 12, 1972.

To the Honorable Board of County Commissioners—

Respectfully represents your petitioners, the Selectmen of the town of Carver, that the highway in said town known as Federal Road between Cranberry Road and the Carver-Wareham Town Line

is narrow, crooked and inconvenient for use and in need of specific repair, locating anew, or relocation, and the intersections of said highway with connecting streets are dangerous for public travel.

We therefore pray that your Honorable Board cause a hearing to be held and make such order as in your judgment the public necessity and convenience require.

AT A REGULAR MEETING OF THE COUNTY COMMISSIONERS HOLDEN AT PLYMOUTH ON THE SEVENTEENTH DAY OF SEPTEMBER A. D. 1974:

Voted, to enter on the records the following report of an inspection of the House of Correction and Jail, in Plymouth.

In accordance with Chapter 126, Section 1 of the General Laws, the regular inspection of the House of Correction and Jail was made on Tuesday, September 17, 1974, by County Commissioners George A. Ridder and Edward P. Kirby.

Commissioner Ridder remarked that there was a big difference in the driveway.

Out back of the institution we saw the Teaching Trailer, sponsored by the Department of Education, Division of Occupational Education where classes are conducted for the inmates.

Men in the fields were harvesting what looked, from a distance, like potatoes. There were approximately 14 cows in the field.

In the office of Mr. Ryll, Deputy Master, who greeted us at the door, we saw the police radio which is on the network with the Police Departments of the Towns of Bridgewater, Carver, Duxbury, Hanson, Kingston, Marion, Marshfield, Mattapoisett, Middleborough, Pembroke, Plymouth, Plympton, Rochester and Wareham. They are also able to monitor the State Police network but do not yet have a license. Call letters on the local police network are KCA ( )-865.

We met Matron Barbara O'Dell in the women's division. We discussed the petition for parole of an inmate who is eight months pregnant, whose petition for parole had been denied by the Bristol County Probation Officer and Judge in the case. In view of the woman's condition, it might be well to talk with said Probation Officer before the month expires.

We saw many surplus pieces of equipment and materials which have been obtained through the Bureau of Prisons, largely because Federal Prisoners are lodged at this institution. This equipment included a stainless steel food cart which transports food to the women's department, keeping same hot and cold, as well as having storage space for trays and a bun warmer, a Taylor ice-cream machine, which product we sampled and pronounced delicious, an hydraulic lift platform inside and near the back door handy for unloading delivery trucks, two desks and chairs for the central room, paint, two typewriters, card files - letter size.

AUGUST SITTING, 1974

files, a polaroid mug-shot camera, and a possibility of new bowls and beaters for the kitchen mixers.

Much of the work for installing some of the equipment has been done by the inmates, who are presently in the process of re-finishing the wooden block tables in the kitchen.

Through a special contract with the Billerica House of Correction, where they have a canning plant, we now have over 1100 cans of vegetables grown at the Plymouth County House of Correction. They are kept in a room off the kitchen, enclosed in fencing, which was also surplus material.

The new polaroid mug-shot camera turns out a better picture for 72¢ per man, together with a negative, compared with pictures on the old camera for \$2.25 per man, with no negative. The better picture develops in about 17 seconds. A development room has been built off to one side which has proven very useful. Approximately 1400 photos were taken last year.

The F.B.I. was holding classes for police officers in a basic finger-print class. Eighteen Towns are represented and the class we visited included two men from the Plymouth County Bureau of Criminal Investigation and two police officers from the Town of Barnstable. There were nine men in the class, who will combine with another basic class to form an advance class of about 25 men.

A new television set downstairs was purchased through the canteen profits, as well as a central antenna system.

The ceiling of the inside of the dome has been painted recently and has a beautiful picture of an eagle and flag in the center.

The relaxation room is in somewhat disrepair, but contains a newly acquired pool table. However, it is apparent that a gym to provide vigorous exercise is sorely needed. Better lighting in the central room is also badly needed.

The Sheriff was in attendance at a murder trial, in Brockton, so was not present at this inspection.

Since October 2, 1973, there have been one thousand, seven hundred twenty-two (1,722) commitments; five hundred forty-two (542) to the House of Correction and one thousand, one hundred eighty (1,180) to the jail.

The total number in this institution on September 17, 1974 was one hundred twenty-nine (129); one hundred twenty-one (121) men and eight (8) women; sixty-nine (69) men and three (3) women in the House of Correction. Fifty-two (52) men and five (5) women serving in Jail. Edward J. Avery, Jr. is in maximum security.

The following prisoners have been paroled from the institution since our last visit:

PLYMOUTH, ss.

No. 1451

On the petition of the Selectmen of the Town of Plymouth presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the fourteenth day of February in the year of our Lord nineteen hundred and seventy-two, representing that part of the highway in said town known as Carver Road (Route 44) between a point about 3500 feet northeasterly from the Carver Town Line and another point about 5500 feet northeasterly from the Carver Town Line, for a distance of approximately 2,000 feet is narrow, crooked and inconvenient for use and in need of specific repair, locating anew, or relocation, and the intersections of said highway with connecting streets are dangerous for public travel, reference being had to the petition filed of record in the case.

The County Commissioners, pursuant to an order of notice duly published, posted and served, by which all persons and corporations interested had due notice thereof, met to view the premises at the County Commissioners' Office in Plymouth in said County on the twenty-seventh day of March A. D. 1973, at 2:00 o'clock in the after noon, and after viewing the premises and hearing all persons and corporations who desired to be heard, the said hearing was continued and adjourned for further consideration, from time to time, all persons and corporations interested having due notice thereof, to a meeting of the County Commissioners, held at their office in Plymouth on the seventh day of August A. D. 1973, when and where they adjudicate and determine that common convenience and necessity require that the prayer of said petition be granted.

And upon the adjudication aforesaid, the said Commissioners appointed the eighteenth day of September A. D. 1973, and 2:00 o'clock in the after noon, at County Commissioners' Office in Plymouth in said County as the time and place when and where they would proceed to further view the premises, and make such order in relation to said adjudication as by law they might be authorized to do.

And having given notice of such adjudication, and of the time and place appointed for the purposes aforesaid, in the same manner as the notice and publication were given and made before first proceeding to view (except by publishing an abstract of said petition instead of a copy thereof), the said Commissioners met at the time and place appointed and then and there heard all persons and corporations interested, and said hearing was thence adjourned and continued from time to time to the meeting of the County Commissioners held at their office in Plymouth on the twenty-fourth day of September A. D. 1974, when and where they proceed to complete said proceedings and make return thereof as follows, to wit:—

No. 1461

On the petition of the Selectmen of the Town of NORWELL presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the third day of October in the year of our Lord nineteen hundred and SEVENTY-FIVE, representing that the highway in said town known as Mill Street between the Hanover Town Line and South Street, and part of South Street from Mill Street to Route 3 is narrow, crooked and inconvenient for use and in need of specific repair, locating anew, or relocation, and the intersections of said highway with connecting streets are dangerous for public travel,

reference being had to the petition filed of record in the case.

The County Commissioners, pursuant to an order of notice duly published, posted and served, by which all persons and corporations interested had due notice thereof, met to view the premises at the County Commissioners' Office in Plymouth in said County on the nineteenth day of JUNE A. D. 1973, at 2:30 o'clock in the afternoon, and after viewing the premises and hearing all persons and corporations who desired to be heard, the said hearing was continued and adjourned for further consideration, from time to time, all persons and corporations interested having due notice thereof, to a meeting of the County Commissioners, held at their office in Plymouth on the seventh day of AUGUST A. D. 1973, when and where they adjudicate and determine that common convenience and necessity require that the prayer of said petition be granted.

And upon the adjudication aforesaid, the said Commissioners appointed the eighteenth day of September A. D. 1973 and 2:30 o'clock in the afternoon, at County Commissioners' Office Plymouth in said County as the time and place when and where they would proceed to further view the premises, and make such order in relation to said adjudication as by law they might be authorized to do.

And having given notice of such adjudication, and of the time and place appointed for the purposes aforesaid, in the same manner as the notice and publication were given and made before first proceeding to view (except by publishing an abstract of said petition instead of a copy thereof), the said Commissioners met at the time and place appointed and then and there heard all persons and corporations interested, and said hearing was thence adjourned and continued from time to time to the meeting of the County Commissioners held at their office in Plymouth on the eighth day of October A. D. 1974, when and where they proceed to complete said proceedings and make return thereof as follows, to wit:—

NO. TA-84

FRANCIS I. WELCH

vs.

TOWN OF WHITMAN

FINAL DECREE

This cause came on to be heard upon an appeal from the decision of the Board of Assessors of the Town of Whitman refusing an abatement of the real estate tax upon the property of the appellant for the year 1973, under the provisions of General Laws, Chapter 59, Section 64.

After hearings duly held on October 1, 1974 and October 8, 1974, it is ORDERED, ADJUDGED AND DECREED:

That it appears that the appellant, Francis I. Welch was not the assessed owner of the property subject to the tax appealed from, having purchased the same on January 31, 1973; that the appellant applied to the Board of Assessors of the Town of Whitman on September 29, 1973; that at the time of the application the real estate taxes were not paid to the Town; and that the taxes were not paid to the Town until January 23, 1974; and that the prior owner, to whom the property was assessed, did not join in the application.

The Plymouth County Commissioners find that the appellant was not eligible to apply under the provisions of General Laws, Chapter 59, Section 59, to the Assessors of the Town of Whitman for abatement of the taxes assessed on the property which is the subject of this appeal.

Wherefore the appeal is dismissed.

TOWN OF ROCKLAND

FINAL DECREE

This cause came on to be heard upon an appeal from the decision of the Board of Assessors of the Town of Rockland refusing an abatement of the real estate tax upon the property owned by Thurley Munsey Bentley, Trustee of Sarah and Catherine Ednie Trust (formed as of January 1, 1973 by John W. Ednie, deceased August 31, 1973) for the year 1973, under the provisions of General Laws, Chapter 59, Section 59.

After a hearing duly held on October 8, 1974, the following findings were made:

That the assessed valuation of the real estate on which the tax is sought to be abated is overrated because of the deteriorated condition of the buildings, and it is further ORDERED, ADJUDGED AND DECREED:

That the appellant is entitled to abatement of the real estate tax for 1973, under the provisions of General Laws, Chapter 59, Section 64.

That the buildings are to be revalued at \$4,000.00, and the land to remain the same at \$2,420.00, a total valuation of \$6,420.00.

That said tax be and hereby be abated and reimbursement be made as set forth in the provisions of General Laws, Chapter 59, Section 69, as amended.

No. 1458

On the petition of the Selectmen of the Town of Plympton presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the ~~twentieth~~ day of ~~September~~ in the year of our Lord nineteen hundred ~~and seventy-two~~, representing that the junction of the highways in said town known as part of Main Street at the junction with Ring Road is narrow, crooked and inconvenient for use and in need of specific repair, locating anew, or relocation, and the intersections of said highway with connecting streets are dangerous for public travel,

reference being had to the petition filed of record in the case.

The County Commissioners, pursuant to an order of notice duly published, posted and served, by which all persons and corporations interested had due notice thereof, met to view the premises at the County Commissioners' office in Plympton in said County on the ~~twelfth~~ day of ~~September~~ A. D., 1972, at ~~2:00~~ o'clock in the ~~after~~ noon, and after viewing the premises and hearing all persons and corporations who desired to be heard, the said hearing was continued and adjourned for further consideration, from time to time, all persons and corporations interested having due notice thereof, to a meeting of the County Commissioners held at their office in Plympton on the ~~sixth~~ day of ~~March~~ A. D., 1973, when and where they adjudicate and determine that common convenience and necessity require that the prayer of said petition be granted.

And upon the adjudication aforesaid, the said Commissioners appointed the ~~third~~ day of ~~April~~ A. D., 1973, and ~~1:00~~ o'clock in the ~~after~~ noon, at County Commissioners' office in Plympton in said County as the time and place when and where they would proceed to further view the premises, and make such order in relation to said adjudication as by law they might be authorized to do.

And having given notice of such adjudication, and of the time and place appointed for the purposes aforesaid, in the same manner as the notice and publication were given and made before first proceeding to view (except by publishing an abstract of said petition instead of a copy thereof), the said Commissioners met at the time and place appointed and then and there heard all persons and corporations interested, and said hearing was thence adjourned and continued from time to time to the meeting of the County Commissioners held at their office in Plympton on the ~~twenty-ninth~~ day of ~~October~~ A. D., 1974, when and where they proceed to complete said proceedings and make return thereof as follows, to wit:—

DESCRIPTION OF THE LINES OF THE JUNCTION OF PART OF MAIN STREET IN THE TOWN OF PLYMPTON AT THE JUNCTION WITH RING ROAD AS LAID OUT BY THE COUNTY COMMISSIONERS UNDER PETITION OF THE SELECTMEN FILED AUGUST 8, 1972 AND CORRECTED PETITION FILED SEPTEMBER 20, 1972 AND DECREE NO. 1458.

Westerly Line:

The westerly line (sideline) of part of Main Street opposite the intersection of Ring Road begins at a county bound set in the westerly line (sideline) of Main Street at land of Gerard G. Galassi and Dorothea W. Galassi (Land Court Certificate 18542, Land Court Plan 9971<sup>A</sup>). Said bound bears south 52° 17' 05" west (Magnetic Meridian) and is three hundred thirty-three and six hundred seventy-five thousandths (333.675) feet distant from the county bound marking the beginning of the curve in the easterly line (sideline) of Main Street into the southerly line (sideline) of Ring Road as laid out under Decree No. 928. The westerly line of Main Street thence runs on a curve, starting northeasterly and curving northerly and northwesterly, of a radius of seven hundred (700.00) feet through said land of Galassi and through land of Samuel Benevides seven hundred nine and eight hundredths (709.08) feet to a county bound set in the westerly line (sideline) of Main Street at said land of Benevides. Said county bound bears north 24° 18' 30" west and is two hundred eighty-nine and seventy-six hundredths (289.76) feet distant from the county bound marking the beginning of the curve in the easterly line (sideline) of Main Street into the northerly line (sideline) of Ring Road as laid out under Decree No. 928.

And the easement over all the land lying between

AUGUST SITTING, 1974

the above-described line and the present westerly sideline of Main Street is hereby taken and laid out for highway purposes.

Where necessary, the Commissioners reserve the right to slope for grading purposes on abutting private property.

In the foregoing description, abutting property is stated as owned by those shown as owners on said plan, but it shall be understood that the reference in each case is to the land shown on said plan as owned by the persons or person named whoever in fact the owners may be.

For a further identification and a more particular description reference is hereby made to a plan entitled "Decree No. 1458. Plan of part of Main Street in the Town of Plympton" as laid out by the County Commissioners under petition of the Selectmen filed August 8, 1972, and corrected petition filed September 20, 1972, drawn on a scale of forty (40.00) feet to an inch by Joseph F. Monahan, Consulting Engineer, herewith filed and made a part of this decree.

The grade of the center of the above-described highway when fully completed in accordance with this decree is to conform to the grade of the said highway as at present constructed. Owners of land taken as aforesaid are required to remove their buildings and other obstructions from the lands so taken within thirty days from the date of Decree.

The inhabitants of the town of Plympton aforesaid, are hereby ordered to cause said highway to be constructed as aforesaid, made safe and convenient for the public travel, and to the acceptance of the County Commissioners before the twentieth ninth day of October A. D. 1976.

The sums hereinafter named are awarded to the persons and corporations over whose lands easements are taken for said highway or who suffer damages on account thereof, to be paid from the County Treasury of the County of Plymouth upon the recording of this taking in the Plymouth County Registry of Deeds, to wit:

<u>Parcel No.</u>	<u>Supposed Owner</u>	<u>Sq. Ft. Taken</u>	<u>Sq. Ft. Discontinued</u>	<u>Award</u>

2	Samuel Benevides	1	---	5.00
Total:				\$3,274.50

All names of owners herein given, although supposed to be correct are such only as matters of opinion and belief.

And said Commissioners order that the foregoing return be filed, accepted and recorded, and that an attested copy thereof be filed in the Registry of Deeds for the County of Plymouth and that an attested copy be transmitted to the Clerk of the Town of Plympton within the limits of which town said highway described herein lies, and that an attested copy be transmitted to the Department of Public Works for the Commonwealth of Massachusetts.

In Witness whereof, we hereunto set our hands and the seal of said County of Plymouth this twentieth ninth day of October in the year of our Lord nineteen hundred and seventy-four.
