A FARM CENSUS PROCLAMATION

Because the economy of Plymouth County benefits greatly from farming, the County's presiding officials bring to the attention of all county residents the 1978 Census of Agriculture.

Whereas, the farm census is the source of accurate information on the number of farms and farm operators in our county;

Whereas, it is also the source of information about our basic agricultural assets;

Whereas, it also provides accurate data on farm sales as well as farm production costs in our county;

And whereas, many business decisions made by the county's farmers, as well as those who do business with them, depend heavily upon accurate benchmark data from the Census of Agriculture;

Now, therefore, be it resolved that the Plymouth County Commissioners urge all farm operators to fill out and return promptly the farm census questionnaires they have received in the mail and thus help to make the 1978 census the most successful in a series of twenty-one farm census counts which began in 1840.

No. 1504

On the petition of the Selectmen of the Town
of Bridgewater presented to the County Commissioners of Plymouth County
at their meeting holden at Plymouth on the twentieth day of June
in the year of our Lord nineteen hundred and seventy-eight, representing that
the highway in said town known as Summer Street between the ap-
proximate station 5 + 00 and the approximate station 56 + 00 is
narrow, crooked and inconvenient for use and in need of specific
repair, locating anew, or relocation, and the intersections of
said highway with connecting streets are dangerous for public
travel,

reference being had to the petition filed of record in the case.

The County Commissioners, pursuant to an order of notice duly published, posted and
served, by which all persons and corporations interested had due notice thereof, met to view
the premises at the County Commissioners' office in Plymouth
in said County on the twelfth day of September A. D. 1978,
at 3:00 o'clock in the Afternoon, and after viewing the premises and hearing all
persons and corporations who desired to be heard, the said hearing was continued and ad-
journd for further consideration, from time to time, all persons and corporations interested
having due notice thereof, to a meeting of the County Commissioners, held at their office in
Plymouth on the nineteenth day of September A. D. 1978 when and
where they adjudicate and determine that common convenience and necessity require that the
prayer of said petition be granted.

And upon the adjudication aforesaid, the said Commissioners appointed the seventeenth
day of October A. D. 1978, and 2:30 o'clock
in the afternoon, at the County Commissioners' Office in Plymouth
in said County as the time and place when and where they would proceed to further view the
premises, and make such order in relation to said adjudication as by law they might be au-
thorized to do.

And having given notice of such adjudication, and of the time and place appointed for the
purposes aforesaid, in the same manner as the notice and publication were given and made
before first proceeding to view (except by publishing an abstract of said petition instead of a
copy thereof), the said Commissioners met at the time and place appointed and then and there
heard all persons and corporations interested, and said hearing was thence adjourned and
continued from time to time to the meeting of the County Commissioners held at their office
in Plymouth on the sixth day of February A. D. 1979,
when and where they proceed to complete said proceedings and make return thereof as follows,
to wit:—

No. 1490

On the petition of The Selectmen of the Town of Hanover presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the second day of March in the year of our Lord nineteen hundred and seventy-six representing that the highway in said town known as Winter Street between Circuit Street and Broadway is narrow, crooked and inconvenient for use and in need of specific repair, locating anew, or relocation, and the intersections of said highway with connecting streets are dangerous for public travel,

D. 1978, at 2:30 o'clock in the afternoon, and after viewing the premises and hearing all persons and corporations who desired to be heard, they adjudicate and determine that common convenience and necessity require that the prayer of said petition be granted as hereafter set forth; no person or corporation then or at any other time objecting thereto.

And they continue and adjourn said proceedings from time to time for further consideration and to make return thereof, to a meeting of the County Commissioners held at their office in Plymouth on the twentieth day of February A. No. 1502

On the petition of the Selectmen of the Town of Pembroke presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the ninth day of May in the year of our Lord nineteen hundred and seventy-eight representing that the highway in said town known as part of Oldham Street between the Town line of Hanson and Pembroke and a point approximately four hundred (400) feet easterly of said Town line is narrow, crooked and inconvenient for use and in need of specific repair, location anew, or relocation, and the intersections of said highway with connecting streets are dangerous for public travel,

reference being had to the petition filed of record in the case.

The County Commissioners, pursuant to an order of notice duly published, posted and served, by which all persons and corporations interested had due notice thereof, met to view the premises at the County Commissioners' office, in Plymouth, in said County on the fourteenth day of November A. D. 1978, at 2:30 o'clock in the afternoon, and after viewing the premises and hearing all persons and corporations who desired to be heard, they adjudicate and determine that common convenience and necessity require that the prayer of said petition be granted as hereafter set forth; no person or corporation then or at any other time objecting thereto.

And they continue and adjourn said proceedings from time to time for further consideration and to make return thereof, to a meeting of the County Commissioners held at their office in Plymouth on the eighth day of May A. D. 1979, when and where they proceed to complete said proceedings and make return thereof as follows, to wit:-

Northerly Line:

The northerly line (side line) of part of Oldham Street begins at a county bound set in the approximate Town line between the Towns of Hanson and Pembroke. Said bound bears north 1° 29' 57" west (Magnetic Meridian) and is one hundred twenty-seven and forty-six hundredths (127.46) feet distant from a Town line bound set in the said approximate Town line and said County bound marks the easterly terminus of the northeasterly side line of Brook Street, Hanson, as laid out under the Plymouth County Commissioners' Decree No. 1500.

The northerly line of Oldham Street thence runs on a curve to the left on a radius of four hundred seventy-five (475.00) feet through land of Alexander T. And the easement over all the land lying between the above-described line and the present northerly side line of Oldham Street is hereby taken and laid out for highway purposes.

Where necessary, the Commissioners reserve the right to slope for grading purposes on abutting private property.

In the foregoing description, abutting property is stated as owned by those shown as owners on said plan, but it shall be understood that the reference in each case is to the land shown on said plan as owned by the person or persons named whoever in fact the owners may be.

The inhabitants of the town of Pembroke aforesaid, are hereby ordered to cause said highway to be constructed as aforesaid, made safe and convenient for the public travel, and to the acceptance of the County Commissioners before the eighth day of May A. D., 1981.

No. 1492

On the petition of the Selectmen of the Town of Plympton presented to the County Commissioners of Plymouth County at their meeting holden at Plymouth on the fifteenth day of September in the year of our Lord nineteen hundred and seventy-six, representing that the highway in said Town known as Forest Street between Oak Street and the Plympton - Kingston Town Line is narrow, crooked and inconvenient for use and in need of specific repair, locating and relocation and the intersections of said highway with connecting streets are dangerous for public travel,

reference being had to the petition filed of record in the case.

The County Commissioners, pursuant to an order of notice duly published, posted and served, by which all persons and corporations interested had due notice thereof, met to view the premises at the County Commissioners' office in Plymouth in said County on the eleventh day of April, A. D., 1978, at 3:30 o'clock in the afternoon, and after viewing the premises and hearing all persons and corporations who desired to be heard, the said hearing was continued and adjourned for further consideration, from time to time, all persons and corporations interested having due notice thereof, to a meeting of the County Commissioners, held at their office in Plymouth on the fifteenth day of August, A. D., 1978, when and where they adjudicate and determine that common convenience and necessity require that the prayer of said petition be granted.

And upon the adjudication aforesaid, the said Commissioners appointed the nineteenth day of September, A. D., 1978, and 3:30 o'clock in the afternoon, at County Commissioners' Office in PLYMOUTH in said County as the time and place when and where they would proceed to further view the premises, and make such order in relation to said adjudication as by law they might be authorized to do.

And having given notice of such adjudication, and of the time and place appointed for the purposes aforesaid, in the same manner as the notice and publication were given and made before first proceeding to view (except by publishing an abstract of said petition instead of a copy thereof), the said Commissioners met at the time and place appointed and then and there heard all persons and corporations interested, and said hearing was thence adjourned and continued from time to time to the meeting of the County Commissioners held at their office in Plymouth on the seventh day of August, A. D., 1979, when and where they proceed to complete said proceedings and make return thereof as follows, to wit:—

COUNTY COMMISSIONERS

AT A REGULAR MEETING OF THE COUNTY COMMISSIONERS HOLDEN AT PLYMOUTH ON THE FOURTH DAY OF SEPTEMBER A.D. 1979:

A Third-Step Grievance was presented to the County Commissioners by Plymouth County Hospital Employees, Local 2745, A.F.S.C.M.E. AFL-CIO on behalf of all employees covered by the Union's collective bargaining agreement. The question presented concerns the basis and computation of the employees wages.

It is uncontroverted that for the fiscal year commencing July 1, 1979, there are 261 work days for the 12 month period, and that the preceding fiscal year contained 260 work days. The Union contends that the computation of wages to bargaining unit employees based upon 261 work days has caused a decrease to each bargaining unit members bi-weekly pay check, and as such is not authorized under the collective bargaining agreement.

The Commissioners take note that Article VII of the collective bargaining agreement expresses salaries in annuated sums for each and every job group and pay step covered by the collective bargaining agreement. It is further noted that the Legislature has appropriated salaries on the exact same basis, and that the economic features of the collective bargaining agreement are contingent upon such funding by the Legislature.

The Commissioners, upon review of all the applicable testimony and documentation determine that the Union's salary entitlement is measured by the number of work days in any fiscal year. Since there are 261 work days within fiscal year 1980, as apposed to 260 work days in fiscal year 1979, the amounts contained within employee payroll checks must be slightly reduced since the amount of salary is expressed in a total annual sum. The Commissioners also rule that the language of the collective bargaining agreement is silent on the method or measure of employee salaries other than as expressed in an annuated sum.

Voted, to deny the Grievance.

Respectfully represents your petitioners, the Selectmen

We therefore pray that your Honorable Board cause a hearing to be held and make such order as in your judgment the public necessity and convenience require.

No. 1508

On the petition of the Selectmen
of the Town of Kingston presented to the County Commissioners
of Plymouth County at their meeting holden at Plymouth on the eighteenth
day of September in the year of our Lord nineteen
hundred and seventy-nine representing that the highway in
said Town known as Forest Street between the Plympton-Kingston
Town Line and Lake Street, Kingston, is narrow, crooked and in-
convenient for use and in need of specific repair, locating anew,
or relocation, and the intersections of said highway with con-
necting streets are dangerous for public travel,

reference being had to the petition filed of record in the case.

The County Commissioners, pursuant to an order of notice duly published, posted
and served, by which all persons and corporations interested had due notice thereof, met
to view the premises at the County Commissioners' office, in
Plymouth, in said
County on the twenty-third day of October A. D. 19 79
at 2:30 o'clock in the after noon, and after viewing the premises
and hearing all persons and corporations who desired to be heard, they adjudicate and
determine that common convenience and necessity require that the prayer of said peti-
tion be granted as hereafter set forth; no person or corporation then or at any other time
objecting thereto.

And they continue and adjourn said proceedings from time to time for further con-
sideration and to make return thereof, to a meeting of the County Commissioners
held at their office in Plymouth on the twenty-seventh day
of December A. D. 1979, when and where they proceed to complete
said proceedings and make return thereof as follows, to wit:-

DESCRIPTION OF THE LINES OF FOREST STREET IN THE
TOWN OF KINGSTON BETWEEN THE PLYMPTON-KINGSTON
TOWN LINE AND LAKE STREET, KINGSTON, AS LAID OUT
BY THE COUNTY COMMISSIONERS UNDER PETITION OF THE
SELECTMEN FILED SEPTEMBER 18, 1979 AND DECREE NO.
1508.

Northerly Line:

Beginning at a county bound previously set at the
intersection of the northerly line (side line) of Forest Street,
Plympton, as laid out under Decree No. 1492 by the Plymouth
County Commissioners, and the approximate Town Line between the
Towns of Plympton and Kingston.

The northerly side line of Forest Street thence runs
south 68° 02' 34" east through land of the Consolidated Rail Cor-
poration one hundred eight and seventeen hundredths (108.17) feet
to a county bound set in the northwesterly side line of Lake Street,
Kingston as laid out under Decree No. 1161; thence turning and
running south 69° 34' 55" west in said northwesterly sideline and
by said land of the Consolidated Rail Corporation and land of
Joseph E. McDonald and Mary E. McDonald one hundred eleven and six
hundredths (111.06) feet to a point in the herefore mentioned
approximate town line, said point bears north 2° 42' 55" east and
is two and seventy-two hundredths (2.72) feet distant from a County
bound set in the northwesterly sideline of Lake Street, Plympton,
as laid out under Decree 788; thence turning and running north
2° 42' 55" east in said approximate town line and still by the
above mentioned lands, seventy-nine and twenty-eight hundredths
(79.28) feet to the point of beginning.

And the easement over all the land lying between the
above-described lines is hereby taken and laid out for highway

purposes.

Where necessary, the Commissioners reserve the right to slope for grading purposes on abutting private property.

Said street when constructed shall be constructed on the center line of the above-described layout, unless the County Commissioners agree otherwise, and the grade of the center of said highway shall be such as to make the way safe and convenient for public travel and shall be to the satisfaction of the County Commissioners.

In the foregoing description, abutting property is stated as owned by those shown as owners on said plan, but it shall be understood that the reference in each case is to the land shown on said plan as owned by the person or persons named whoever in fact the owners may be.

For a further identification and a more particular description reference is hereby made to a plan entitled "Decree No. 1508. Plan of Forest Street in the Town of Kingston" as laid out by the County Commissioners under petition of the Selectmen filed September 18, 1979, drawn on a scale of forty (40.00) feet to an inch by Joseph F. Monahan, Consulting Engineer, herewith filed and made a part of this decree.

The grade of the center of the above-described highway when fully completed in accordance with this decree is to conform to the grade of the said highway as at present constructed. Owners of land taken as aforesaid are required to remove their buildings and other obstructions from the lands so taken within thirty days from the date of Decree.

The inhabitants of the town of Kingston aforesaid, are hereby ordered to cause said highway to be constructed as aforesaid, made safe and convenient for the public travel, and to the acceptance of the County Commissioners before the twenty-seventh day of December A. D. 1981.

The sums hereinafter named are awarded to the persons and corporations over whose lands easements are taken for said highway or who suffer damages on account thereof, to be paid from the County Treasury of the County of Plymouth upon the recording of this taking in the Plymouth County Registry of Deeds, to wit:

<u>Parcel No.</u>	<u>Supposed Owner</u>	<u>Sq. Ft. Taken</u>	<u>Sq. Ft. Discontinued</u>	<u>Award</u>

2	Joseph E. McDonald & Mary E. McDonald	2,160	---	<u>216.00</u>
Total:				\$ 416.00

All names of owners herein given, although supposed to be correct are such only as matters of opinion and belief.

And said Commissioners order that the foregoing return be filed, accepted and recorded, and that an attested copy thereof be filed in the Registry of Deeds for the County of Plymouth and that an attested copy be transmitted to the Clerk of the Town of Kingston within the limits of which town said highway described herein lies, and that an attested copy be transmitted to the Department of Public Works for the Commonwealth of Massachusetts.

In Witness whereof, we hereunto set our hands and the seal of said County of Plymouth this twenty-seventh day of December in the year of our Lord nineteen hundred and seventy-nine.

AT A REGULAR MEETING OF THE COUNTY COMMISSIONERS
HOLDEN AT PLYMOUTH ON THE SEVENTH DAY OF OCTOBER A. D. 1980:

A Third-Step Grievance was presented to the County Commissioners by A.F.S.C.M.E., AFL-CIO, Local 2745 of the Plymouth County Hospital on behalf of Mary Ellen Conway, L.P.N. grieving a change of shift for that employee.

The Commissioners take note of Article VIII which states that the "employer shall endeavor to accommodate bargaining unit employees performing nursing services in granting them the option of working straight shifts....". The Commissioners take further note that this employee was offered scheduling which allowed Sundays as a day off, in an attempt to accommodate her schedule, and that was refused.

Article V of the current Collective Bargaining Agreement, the Management Rights Clause, allows the assignment of shifts, and is a basic management right to allow for the proper operation of the Plymouth County Hospital.

The County Commissioners, following review of all the applicable documentation and review of the current Collective Bargaining Agreement, hereby deny the Grievance presented on behalf of Mary Ellen Conway, L.P.N.
