of Brockton presented to the County Commissioners
of Plymouth County at their meeting holden at Plymouth on the fourth
day of June in the year of our Lord nineteen
hundred and eighty-five representing that part of the
highway in said City known as Manley Street from West Chestnut
Street near the intersection of Liberty Street, in a Northwesterly
direction, to Amvets Memorial Highway be discontinued as a public
way,

reference being had to the petition filed of record in the case.

The County Commissioners, pursuant to an order of notice duly published, posted and served, by which all persons and corporations interested had due notice thereof, met to view the premises at the County Commissioners' Office, in Plymouth,
in said
County on the twenty-fifth day of June A. D. 1985,
at 1:30 o'clock in the afternoon, and after viewing the premises
and hearing all persons and corporations who desired to be heard, they adjudicate and
determine that *common convenience* and necessity require that the prayer of said peti-
tion be granted as hereafter set forth; no person or corporation then or at any other time
objecting thereto.

And they continue and adjourn said proceedings from time to time for further con-
sideration and to make return thereof, to a meeting of the County Commissioners
held at their office in Plymouth on the twenty-seventh day
of August A. D. 1985, when and where they proceed to complete
said proceedings and make return thereof as follows, to wit:—

DESCRIPTION OF THE LINES OF PART OF MANLEY STREET FROM WEST CHESTNUT STREET NORTHEASTERLY TO THE AMVETS MEMORIAL HIGHWAY. DECREE 1515.

This discontinuance begins at a point in the northerly line of West Chestnut Street near its intersection with Liberty Street;

The westerly line of Manley Street thence runs northeasterly four hundred twenty-nine and two tenths (429.2) feet, more or less, to a point in the westerly line of Amvets Memorial Highway;

Thence turning and running southerly in said highway line ninety (90) feet, more or less, to a point in the easterly line of Manley Street;

Thence turning and running southwesterly in said line, three hundred forty (340) feet, more or less to a point in the northerly line of West Chestnut Street;

Thence turning and running northwesterly in said line forty six (46) feet, more or less, to the point of beginning.

And all the land lying between the above-described lines is hereby discontinued as a public highway.

Reference may be had to a plan accompanying the petition filed by the City Council. Said plan was prepared by the City Engineer's office, dated February 6, 1968 and is herewith filed and made a part of this Decree.

And said Commissioners order that the foregoing return be filed, accepted and recorded, and that an attested copy thereof be filed in the Registry of Deeds for the County of Plymouth and City of Brockton within the limits of which town said highway described herein lies, and that an attested copy be transmitted to the Department of Public Works for the Commonwealth of Massachusetts.

In Witness whereof, we hereunto set our hands and the seal of said County of Plymouth this twenty-seventh day of August in the year of our Lord nineteen hundred and eighty-five.

J. Flynn Engineers, Inc. of Middleborough, Mass., with the following modifications:

1. In lieu of bonds required in the Specifications, the County will accept a Statement of Reliability from the Rockland Trust Company.
2. E. J. Flynn Engineers, Inc. will establish a Bench Mark from which points of reference may be taken and will establish the rear bounds of the leaching fields along the property line to prevent encroachment on abutting property.

As the working Plan was taken from old renderings and might not demonstrate the exact location of existing lines, whether by height or degree, problems occurring as a result that cause two days or more of extra work to adjust, reconnect or otherwise comply with the Plan, would be billed separately based on detailed accounting records of extra time required over and above the work required herein.
4. It is agreed that Section 2-11 of the Specifications requiring new topographical surveys is hereby deleted, but "as-built" drawings will be required.
5. Section 2-10 (e) (3) unforeseen rock encountered will be removed at Twenty (\$20.00) Dollars per cubic yard, in accordance with the accepted definition of "bedrock".
