COMMONWEALTH OF MASSACHUSETTS

PLYMOUTH, ss.

AT A REGULAR MEETING OF THE COUNTY COMMISSIONERS HOLDEN AT PLYMOUTH ON THE TWENTY-FIRST DAY OF FEBRUARY A. D. 1989:

Voted, to approve and adopt the following regulations for the operations of the Plymouth County Patrol Plane:

REGULATIONS FOR THE OPERATION OF THE PLYMOUTH COUNTY FOREST FIRE PATROL PLANE

The County Forest Fire Patrol Plane is provided to aid and expedite the work of fire prevention via air patrol, forest fire fighting, and any allied functions relating to fire in Plymouth County and incidents associated with public safety therefrom. In conjunction with mutual aid embracing another county the Fire Services Committee may authorize the plane for such use.

- 1. The Fire Services Committee, or its designees, shall determine annually that:
a. The insurance contracts (Aircraft Hull & Liability Policies) are proper and in force.
b. All radio equipment is properly operated and licensed.
c. Aircraft Registration Application, Low Flight Waiver and Air worthiness Certificate are on file and properly filed and posted.
d. That the list of qualified pilots, observers, and changes thereto are on file with the insuring company, the Fire Services Committee and the County Commissioners as may be required.
2. "ONLY those pilots" holding valid and effective Commercial Pilots Certificates with proper rating as required by the Federal Aviation Agency for flights involved shall fly this Plane.
3. Any City or Town in Plymouth County, in consideration of pilot availability, requesting the plane shall have it dispatched automatically. Prior consideration shall be given to that community which has the plane employed upon receipt of such request. While working in this manner in one community, and a request is made for the plane to go to another, the requesting chief or warden may ask the chief presently using the plane to release it as soon as he can. In consideration of the problems which can be encountered, all chiefs or wardens are urged to cooperate and weigh the fire situations encountered and arrange for the plane to be released as soon as possible to report to that person requesting its use.
4. All requests for plane from other Counties will be handled as a mutual aid request.
5. To facilitate communications with Forest Fire Patrol Plane and airport, with a degree of control, all Cities and Towns and other Counties are instructed to call Plymouth County Control to request the plane. The community requesting same shall give Plymouth County Control the geographic area needed and radio contact number on 33.90. PCC will keep the plane advised of any request.

JANUARY SITTING, 1989

- 6. In consideration of the need and the work to be performed by the plane and an observer is necessary, the Fire Services Committee will periodically update the list of qualified observers with individuals possessing the required knowledge for the position. Otherwise, the pilot himself, an associate pilot, or the approved observer carried on the airport payroll may be assigned.
- 7. All other authorization for the use of the plane or authorization for any other person or persons to fly or to be flown in the Plymouth County Forest Fire Patrol Plane shall be secured from the Plymouth County Fire Services Committee. This statement is not to be construed as indication implying flights for any individuals, but to provide only for unforeseen circumstances which may occur.
- 8. Where the words "approve" or "authorization" are used, such wording indicates approval or authorization resulting from a majority vote of the Fire Services Committee.
- 9. During periods of fire danger when the index reaches a class four day and weather conditions require, plane availability arrangements shall be established at the airport by the Manager or Assistant Manager acting in his stead at twelve o'clock noon. The plane shall be prepared to fly patrol upon notification from Plymouth County Control. As long as these prevailing weather conditions continue, this arrangement shall be provided until the next day falls below class four.
- 10. When the burning index reaches a class five day, plane availability shall commence at 10:00 a.m. and shall then fly on patrol from 1:00 p.m., until the weather conditions indicate patrol may cease or until sunset, whichever occurs first.
- 11. The District Fire Warden, in consideration of extenuating circumstances, such as poor visibility due to haze or high fire incidence in a given area, may request the plane up on patrol when in his judgement it is in the best interests of Plymouth County.
- 12. During the times of the year when the County is concerned with the fire index and possible fires in the open, the County Radio at the airport (KCA-429) is to be kept in the "on" service condition.
- 13. All matters in relation to the above rules and regulations concerning the operation of the Forest Fire Patrol Plane shall be directed to the Fire Service Committee by the Chief of Dept.

No. 1516

On the petition of the Selectmen of the Town
of Halifax presented to the County Commissioners of Plymouth County
at their meeting holden at Plymouth on the seventeenth day of December
in the year of our Lord nineteen hundred and eighty-five , representing that
the highway in said Town known as Aldana Road between Holmes
Street (Route 36) and Oak Street is narrow, crooked and incon-
venient for use and in need of specific repair, locating anew,
or relocation, and the intersections of said highway with con-
necting streets are dangerous for public travel,

reference being had to the petition filed of record in the case.

The County Commissioners, pursuant to an order of notice duly published, posted and
served, by which all persons and corporations interested had due notice thereof, met to view
the premises at the County Commissioners' Office in Plymouth
in said County on the twenty-third day of February A. D., 19 88 ,
at 1:00 o'clock in the after noon, and after viewing the premises and hearing all
persons and corporations who desired to be heard, the said hearing was continued and ad-
journed for further consideration, from time to time, all persons and corporations interested
having due notice thereof, to a meeting of the County Commissioners, held at their office in
Plymouth on the twelfth day of April A. D., 19 88 , when and
where they adjudicate and determine that common convenience and necessity require that the
prayer of said petition be granted.

And upon the adjudication aforesaid, the said Commissioners appointed the
seventeenth day of May A. D., 19 88 and 1:00 o'clock
in the after noon, at County Commissioners' Office in Plymouth
in said County as the time and place when and where they would proceed to further view the
premises, and make such order in relation to said adjudication as by law they might be au-
thorized to do.

And having given notice of such adjudication, and of the time and place appointed for the
purposes aforesaid, in the same manner as the notice and publication were given and made
before first proceeding to view (except by publishing an abstract of said petition instead of a
copy thereof), the said Commissioners met at the time and place appointed and then and there
heard all persons and corporations interested, and said hearing was thence adjourned and
continued from time to time to the meeting of the County Commissioners held at their office
in Plymouth on the ninth day of May A. D., 19 89 ,
when and where they proceed to complete said proceedings and make return thereof as follows,

VOTED, to officially recognize that the Plymouth Colony Archives were transferred from the big reading room in the Plymouth County Registry of Deeds to the vault in the County Commissioners Office just prior to the first of June, 1976. The Commissioners had learned that a terrorist group from around the greater Boston area were planning to try to torch the Registry. The National Guard was called out and formed a ring around the building to protect it. This frightened the gang off, so they transferred their activities to making an attempt to damage the Plymouth Rock.

The importance of these invaluable records required such a move, and requires the continued safe-keeping of them in the fire-proof vault.
